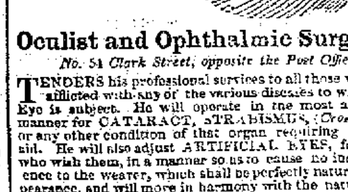
A. B. NEWKIRK, M. D.,



Oculist and Ophthalmic Surgeon,
No. 54 Clark Street, opposite the Post Office.
TENDERS his professional services to all those who are afflicted with any of the various diseases to which the Eye is subject. He will operate in the most approved manner for CATARACT, STRABISMUS, (*Cross Eyes,*) or any other condition of that organ requiring surgical aid. He will also adjust ARTIFICIAL EYES, for those who wish them, in a manner so as to cause no inconvenience to the wearer, which shall be perfectly natural in appearance, and will move in harmony with the natural eye. Dr. N. flatters himself that his long and well directed clinical experience—the advantages afforded him while connected with the New York Eye Infirmary, (the largest institution of the kind in the United States,) and also his hitherto successful treatment of the many cases to which his attention has been called while in this city, enables him to warrant entire satisfaction to all who may avail themselves of his professional services.

Galena & Minnesota Packet Co.
ARRANGEMENT FOR
1854.
THE GALENA & MINNESOTA PACKET COMPANY will run a daily line of Boats during the ensuing season, between Galena, Stillwater and St. Paul, stopping at all intermediate landings, leaving Galena at 12 M. daily, except Sundays.
The line will consist of the

NOMINEE,	CAPTAIN R. BLAKELY,
WAR EAGLE,	" D. S. HARRIS,
GALENA,	" D. B. MOREHOUSE,
ROYAL ARCH,	" E. H. GLEIM,

All first class boats, and commanded by experienced and accommodating officers.
These boats will connect, at Galena, with the St. Louis & Galena daily line of Steamers, which line connects at Rock Island with the Chicago & Rock Island Railroad.
This Company's Boats being U. S. Mail Steamers, their punctuality can be confidently relied upon.
Freight shipped at St. Louis, or between St. Louis and Galena, on the St. Louis & Galena line of Boats to points above Galena, will be re-shipped at Galena free of charge for drayage or forwarding, and without delay.
The Railroad between Galena & Chicago, connecting with the various Eastern Roads, is now completed within a few miles of Galena, and the unfinished portion of the Road stocked with comfortable Stage-Coaches.

EUROPEAN IMMIGRATION
TO BOSTON,
CANADAS & WESTERN STATES!
—BY—
Train & Co's Line.
Steerage rates of passage from Liverpool to Boston:
For persons 12 years and over, - - - $25,00
For children under 12 yrs at time of embarkation, 20,00
For children under 12 months " " 5,00
In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:
Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.
Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.
Passengers will have to defray their fare and expenses to Liverpool, and on arrival there should avoid all runners, and proceed to TRAIN & CO'S Office, No. 118 and 119 Waterloo Road.
As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.
On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.
ENOCH TRAIN & CO., Proprietors of the Boston and Liverpool Line of Packets, hereby give notice that they have made extensive arrangements with the Western Rail Road Corporations, in connection with the Rail Roads in the Western States, and Steamboats on the Lakes, for the *forwarding of pre-paid passengers* from Boston to the Canadas and Western states; and are now selling at their office in Boston, and at their *authorized agencies, pre paid certificates of passage* as follows:
The following are the rates from the 1st of May:

The above prices embrace a steerage passage from Liverpool to Boston, by any of our splendid Line of Packets; provisions at sea according to the above mentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.
We will not issue a pre paid certificate for children under 12 years of age, unless accompanied by a passenger over 12 years who must be paid for at the same time and on the same certificate.
Bedding, and utensils for eating and drinking, must be provided by the passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.
In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

STAR OF EMPIRE,	Capt. BROWN,
WESTERN STAR,	" THAYER,
FRANK PIERCE,	" MARCY,
CHARIOT OF FAME,	" KNOWLES,
PARLIAMENT,	" SAMPSON,
NORTH AMERICA,	" DUNBAR,
DAN'L WEBSTER,	" HOWARD,
PLYMOUTH ROCK,	" CALDWELL,
SUNBEAM,	" PUTNAM,
LEVI WOODBURY,	" NICKERSON.

These Ships, when in the Line, sail from Boston as per special advertisement and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng.
Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.
Train & Co., No. 121 St. Patrick Street, Cork, Ireland.
As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.
As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.
We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.
(COPY.)
Boston, January 22d, 1849.
"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.
(Signed) † JOHN B. FITZPATRICK,
Bishop of Boston.
This is the only Packet conveyance between Boston and Liverpool, and offers superior facilities for passengers returning home.
These Ships lie at the Liverpool Packet Pier, Constitution Wharf, Boston, when in port, and persons sending for their friends, can go on board and examine their accommodations.

Essence of Jamaica Ginger.
THIS ESSENCE is a preparation of unusual excellence. In ordinary diarrhœa, incipient cholera, in short, in all cases of prostration of the digestive functions, it is of inestimable value. During the prevalence of epidemic cholera and summer complaints of children, it is peculiarly efficacious; no family or individual should be without it, as it enables the system to resist the influence of incipient diseases which lurk in a changing climate.
CAUTION.—Be sure to get the genuine essence, which is prepared only by F. BROWN, at his Drug and Chemical Store, N. E. Corner of Fifth and Chestnut Streets Philadelphia, and for sale by all the respectable Apothecaries in the United States. je25-1yr

AT MADISON, THURSDAY, JULY 13.

☞ ALL MEN opposed to the Repeal of the Missouri Compromise, the Extension of Slavery, and the Rule of the Slave Power, are invited to meet at *Madison, Thursday, July 13*, to take such measures as may be deemed necessary to prevent the future encroachments of the Slave Power, to repeal all Compromises in favor of Slavery, and to establish the principle of Freedom as the rule of the State and National Governments. The time has come for the union of all Free Men for the sake of Freedom. There is but one alternative. We must *unite* and be *free*, or *divide* and be *enslaved* by the praetorian bands of the Slaveholders and their Nebraska allies. MANY CITIZENS

EDITORIAL CORRESPONDENCE.

OSHKOSH, June 20 '54.

According to the programme, our party was wakened for an early breakfast this morning, and by six o'clock or thereabouts were on board the *Pioneer* bound southwards and *up*stream, contrary to the established rules of school-days, when the *top* of the map was always up. The sky was overcast and the clouds threatened rain, so that we had no opportunity to note the effect of the morning sun-beams on the finely terraced banks of the Neenah. Green Bay, Howard, Navarino, and Astoria, all lay sleeping, save the few concerned about and the passengers upon the *Pioneer*. The herds of ponies and cows were sleeping or quietly browsing in the streets—the easy living half-breeds were sleeping—the participators in the hop at the "Astor" were sleeping after their frolic—and the *faith*-ful people of Green Bay were dreaming of the good time coming—as we went along up the stream. Depere was scarcely awake as we passed, and our shoe-maker was not on hand to avail himself of the Commissioner's interest in his behalf.

So we went along quietly—the *Pioneer* cannot go rapidly—stopping here to go through locks, and there to take on wood, enjoying the picture of the stream and its framework of verdure, listening to the *patois* of the boatmen, and (for myself) gathering such information of the progress of the Improvement, and of the country, as I could from Messrs. Martin, Desnoyers, and Anderson, who were on board, bound for the Kaukauna, on business.

I must have sadly misunderstood my informant yesterday, as to the amount of fall between Menasha and Green Bay, for, whereas, I stated the distance to be about 80 feet, it must be nearer 180 feet, since there will be much over a dozen locks, the lift at Kaukauna alone, by five locks, being 50 feet.

We left the steamer at this place, and, being packed into two coaches at 11½ o'clock, rattled away towards Menasha, arriving there decidedly damp from the effects of a shower which insisted, very perversely, upon making its way inside of the coach. The steamer *Peytona* was lying at the dock ready for a start, and we went aboard immediately. The dredge boat was in the river ready for operation. In the few moments allowed us, an old acquaintance and old settler, Mr. Curtis Reed, showed me the excavation for the canal, the situation of the various factories, and gave me some ideas as to the future prospects of Menasha, which are certainly very flattering.

I found that the steamer *Menasha* had been laid by for the present; the *Peytona*, a very comfortable, roomy, and reliable craft, taking her place on the Lake Winnebago route. The arrangements have been so changed that the steamer now leaves Oshkosh at 5 A. M. for Fond du Lac, enabling passengers to reach Milwaukee the next morning. Returning, she comes to Oshkosh and makes the round trip, leaving Fond du Lac at evening again, and remaining at Oshkosh over night. The *Barlow* leaves for the Wolf river in the morning, while the new light-draught boat *W. G. Knapp* takes the *Peytona's* place on the upper Neenah to Berlin. The latter is a very steady craft, and took us along comfortably to Oshkosh against waves rolling up to an extent which would make many larger boats rock so as to give passengers an arithmetical turn. Capt. Houghtaling, or somebody else, through the good offices of Mr. Farnsworth, our Green Bay landlord, who was on board, (bound for Milwaukee,) furnished some of us fasting people with a lunch, although it was long past the dinner hour.

Thus far we had written, when, turning north westward again, we concluded that we should reach home quite as soon as letters were likely to get there. The remainder of the journey we resume upon from memory.

At Oshkosh numerous acquaintances, made at Madison and elsewhere, were found—among them Messrs. Bashford and Gary of the Legislature, Nevitt and Burnside of the *Courier* and *Democrat*; Henning and Murdock, late of the State Land Office. To the courtesy of Mr. Ames, an enterprising merchant, we were indebted for a pleasant ride about the city, and enabled to mark the great improvements which have been made since our last visit. Oshkosh, as is well known, has a remarkably favorable location for business, at the point where the united waters of the Wolf and Neenah pour into Lake Winnebago. The city has now nearly, or quite 3000 inhabitants, and is growing rapidly. The upper portions of the town are finely situated and laid out for residences, and much taste is exhibited in their erection, while the main street is lined with stores, &c. filled with large stocks of goods, and enjoying a good run of business, the trade with the new counties above and with the pineries, requiring large supplies.

The new boat, *W. A. Knapp*, reached the dock from Berlin, just as the *Peytona* came in from Fond du Lac, and as the former would return immediately, we resolved to take passage up the Neenah. On the dock we found Mr. Fitzgerald, of the firm of Fitzgerald & Moore, owners of the *Menasha, Peytona* and *Barlow*, and obtained much information from him relative to the business and resources of the country.

The trip up the Neenah or Fox River to Berlin, provides nothing of special interest. For the most part the banks are low and marshy, and the channel winds hither and thither in a most provoking fashion, the boat moving towards every point of the compass in the space of half an hour. At a distance, higher lands and fine openings and farms are to be seen, while occasionally the high, solid land comes to view, furnishing good town sites, as at Eureka, Omro, and Sacramento. Capt. Knapp, a clever, sociable body, had not yet been able to obtain a cook, though one was engaged for the next day; so that some of us were well nigh famished, and when we arrived at Omro, at about 4 P. M., a party of us made a levy on the "City Hotel" for a newspaper full of provender, the lunch being enjoyed with good will and good humor on the cabin table. We were at Berlin by 7½ P. M.

For some time before reaching this place we had solid land on each side of us, and could see a fine farming country, well improved. Berlin has grown, within the past 3 years, to be a town of considerable importance, and as the terminus of the second division of the Milwaukee & Horicon R. R. is a point of much interest. It has an excellent newspaper, published by Tracy and Fitch, called the *Courant*. Its population is over 1500, and with the splendid farming country in the vicinity, must continue to increase rapidly in all the elements of prosperity.

Finding that the stage route to Portage City does not pass south of Green Lake, through a country which we desired to see again, we were glad to accept a seat in a private conveyance with a friend, Mr. W. A. B[illegible], formerly editor of the *Statesman*, and started with him southward *via* Ripon, at 9 o'clock on Thursday morning. Here we were, in the very garden of the State—the openings cleared—the prairies all under cultivation, except the few spots where the breaking-plows were turning over the sod—the roads fenced and as smooth as a floor, and the fields looking their best, in the promise of a very abundant harvest. Wheat, oats and rye, stand very heavy on the ground, the winter wheat beginning to turn. Corn and potatoes were well advanced, some fields showing the former two feet high, and the latter in blossom. On arriving at Ripon, we were fortunate in finding Mr. Mapes, editor of the *Herald* and one of the earliest settlers in this part of the country, and together with Mr. Bassen, an agent of the Horicon R. R. Co. enjoyed the extensive view of the town and surrounding country to be had from the top of the College building, 140 feet above the waters of Lake Winnebago. Nothing more than was this needed to furnish the reasons why a town of 1200 inhabitants has grown up here, and is still increasing in growth, after we add that both here and at Ceresco, 1 mile distant, are fine flouring mills, giving a good market for wheat. Marvellous stories were told me of the fertility of the soil hereabouts. One large field of 400 acres of wheat, cultivated in common by several parties, it was said, yielded a year or two since, over 19,000 bushels! I tell the story as it was told to me, having no reason at all to believe that it was not a true one. *Now* get a railroad connection with a country like that, such as will be afforded by the Horicon R. R. in a few months, and imagine what it will do for Milwaukee!

Leaving Ripon after an early dinner, we pushed onwards southwestwardly over a prairie country for the most part, towards Kingston. Through this fertile region we had passed three years before, when a good part of the prairies were already brought under cultivation, but finding large stretches still in a state of nature. Now, almost every foot is under the plough, or covered with the most promising crops. We have seen nothing like this east and south-east portion of Marquette county in all of our journeys over the State, and can conceive of no finer country for farming purposes. Timber is not difficult to be obtained, and streams are frequent. Kingston is a smart little town, about 4 miles south of Lake Puckaway, which occupies nearly the centre of the county, having a good flouring mill, the product of which has brought a large price in Milwaukee this season.

It was nearly 7 o'clock P. M. when we left Kingston for Portage City, coming after a few miles into a wilder and rougher country, owned, we presume, in good part by that pestiferous class of people, non-resident speculators. After a while, as we proceeded, the face of the country became more broken, and the soil sandy, and clearings scarce. It was growing dark as we came in sight of the white buildings of the old barracks of Fort Winnebago—now the property of private individuals—and turned down the hill, crossing the Fox river and the narrow strip of land which separates its waters from those of the Wisconsin. Crossing the canal, we escaped from the musquitoes of the low grounds into Portage City by 9½ P. M.

Next morning, after calling upon our friends of the *Republic*, who with the proprietors of the *Badger State* furnish excellent local papers, and we were glad to learn, well patronized, we were seized upon by our friend, H. W. Tenney, who has recently removed to Portage City, and taken around to "see the lions." The *city*—we don't have many villages in these days—has taken the wise resolution to grow up out of the low grounds since my last visit, and is fast spreading over the hills. Owing to the well known difficulties about titles, nothing permanent in the way of improvement is done to the principal streets as yet, which—the soil being very sandy—need to be planked to be at all comfortable. Several fine blocks of stores, however, have been erected and are occupied as fast as completed, while the dwellings, many of which are very tasteful, are seeking out pleasant locations on the higher grounds. One of these, built of brick, nearly resembling in color and texture our Milwaukee article, occupies a commanding situation. Real estate is now very low in Portage City as compared with many other towns in the state possessing far less advantages of location for business. The Canal already unites the two rivers, allowing boats to pass through, and railroads are stretching towards the town from the east and south east, so that there is every reason to think that investments in real estate at Portage City, by men of liberal ideas, must prove very profitable. The "Veeder claim" difficulty still exists. Though it by no means covers any great portion of the settled part of the city, yet it happens that some 30 acres or thereabouts are covered with buildings, and the proprietor—so established by the Courts—declines to make arrangements with the people for some reason. It is certainly to be hoped that he will consent to put this vexed matter at rest, as it seems probable that he could do, and find himself independently rich at once, with the greater portion of his lands still on his hands.

At 10 A. M. of Friday we were on our way again. Of this hot day, and the dusty, sandy roads which we encountered for some 12 miles, the recollection is still uncomfortable; and with the thermometer nearly at blood heat, it is not pleasant to write about our journey over the magnificent prairie, with the sultry atmosphere almost suffocating us through the long afternoon. But by 9 P. M. we were safely housed at the Capital House at Madison, and not long after enjoying refreshing sleep in this, the best hotel in the State. Mr. Stevens, the landlord, we think, went into the house with some apprehensions that he might lose in summer a good portion of his winter's profits, but finds himself agreeably disappointed in a crowded house, all the time. He has only to regret that it is not twice as large, for it would be full even then. Madison is all that I expected to see it, and even more. It is, by all odds, the most beautiful town as to situation among its lakes—as to surrounding scenery—as to cool and inviting shades—as to eligible locations for retired dwellings—and as to the style of buildings generally, that we have seen anywhere. We do not wonder that tourists flock thither; we only wonder that more of our Milwaukee people do not run out by railroad to escape the dust and care of city life, and enjoy themselves in comfort.

Returning home by railroad on Saturday afternoon, we saw more of the abundant promise of the crops of all kinds. Our produce dealers must prepare for such an influx of business as they have scarcely imagined. We had some trouble with the engine beyond Stoughton, but made up our lost time before we reached Waukesha. The five hours' ride is a very pleasant one, but will be pleasanter when, as will be the case shortly, it is lessened by an hour. Water in each passenger car is the great need just now, and we hope that it will be provided without delay.

NEW HAMPSHIRE LEGISLATURE.—Two ballots were had in the New Hampshire House, on the 21st, for U. S. Senator. The first stood: whole number, 304; necessary to a choice, 153; Wells (dem.) 144, Eastman (whig) 89, Tappan (F. S.) 44, Morrison (Anti-Nebraska dem.) 22, scattering 5. The second ballot was nearly the same except that Morrison received 32 votes and Tappan 34. An indefinite postponement was then moved and carried; Yeas 154, Nays 149. This vote was subsequently reconsidered, and further balloting postponed till Friday of this week, when the Nebraska resolutions are also to be disposed of. The chance of electing two "Pierce and Nebraska" Senators from New Hampshire appears to be decidedly slim.

REAL ESTATE IN WAUKESHA.—Mr. DAKIN sold his homestead (10 acres) near the village of Waukesha, last week, for $2600, and Mr. S. BARNEY sold his farm, two miles from the village, (360 acres,) for $10,800.

Excitement at Watertown.

We mentioned a few days since that MYRON B. WILLIAMS, the Postmaster at Watertown, appointed by the present National Administration, had been removed for some cause unknown, and F. V. BROWN, a brother-in-law of Comptroller BRIGGS, appointed in his stead. The *Wisconsin* expressed great satisfaction at this change, professed to know all about the reasons for it, and intimated that other Postmasters, who had been "playing the same game" with Mr. WILLIAMS, were about to suffer the same penalty. It appears that the *Wisconsin* rejoices alone in this matter. At least, the democracy of Watertown don't share in its delight, and are entirely in the dark as to the cause of Mr. WILLIAMS' removal.

The Watertown *Register* of Saturday contains the proceedings of a public meeting on this subject, which breathe anything but satisfaction at this Post Office change. The meeting was a very large one, nearly 500 present; all Democrats, and supporters of President PIERCE. The Mayor, Mr. PRENTISS, presided, assisted by three Vice Presidents and two Secretaries. Speeches were made by Judge BUTLER, the Mayor, and Mr. E. ROTHE, (the latter in German,) and by Mr. A. F. CADY, the latter "showing fully that Barstow and the balance had accomplished the removal of Mr. Williams." The following resolutions were adopted with entire unanimity:

Resolved, That the removal of Myron B. Williams, Esq., from the Post Office of the City of Watertown, is received here with astonishment and regret. We are astonished that a man like him, honest, capable, and faithful to the Constitution in all its parts, now and always a reliable democrat of the Jeffersonian school, should be removed without any cause whatever.

Resolved, That in all relations of life, Mr. Williams sustains the character of a worthy gentleman, and has the entire confidence of this community, and in our opinion his removal has been effected by false representations to the Department.

Resolved, That the re-appointment of Mr. Williams would give great satisfaction to this community, and we hope and trust the Department will reinstate him in the office from which he has been removed.

A committee was also appointed to embody these resolutions in a memorial, circulate it for signatures among the citizens and business men of Watertown, and forward it to our Senators at Washington.

The *Register* devotes over two columns to this subject; fully endorsing the proceedings of this meeting; bearing generous testimony to the good qualities and sterling "democracy" of the decapitated Postmaster,(Mr. QUINER, editor of the *Register*, was an applicant for the same appointment,) and denouncing Mr. MACY in severe terms for his supposed complicity in the removal of Mr. WILLIAMS. The *funniest* feature in the whole transaction to us outsiders is, that the Federal Administration should be so ready to proscribe its friends in this State, to oblige "Barstow and the balance," who are notoriously its enemies.—However, that is their look-out—not ours.

CONGRESSMEN CARRYING WEAPONS.—It appears that Mr CHURCHWELL, of Tennessee, went *armed* to the House of Representatives, on the day of his *fracas* with his colleague, Mr. CULLOM, and when the latter approached him, drew, cocked and presented a *pistol*. Gen. FOOTE, of Mississippi, did the same thing once, in the Senate, in dread of Col. BENTON. Had the Senate in that instance and the House in this, *instantly* expelled the member who was guilty of the inexcusable outrage, there would have been an end to the practice of Members of Congress carrying arms into the National Council Chamber.

The *Wisconsin*, by the way, has not yet corrected its mis-statement that Mr. CHURCHWELL is a whig. The original error, we are willing to believe, was unintentional. But by persisting in it, after its attention has been called to the matter, the *Wisconsin* will raise the presumption that it meant to misrepresent the facts.

MANITOWOC GOING AHEAD.—The Manitowoc *Tribune* reports that village and the country adjacent, as improving rapidly. Upwards of 30 new buildings have been put up within the corporation limits since April 1st; the hotels are all crowded; boats daily arriving with loads of living freight; the lumber business brisk beyond all precedent; labor in constant demand and well-paid; crops in the county all looking well and all the region roundabout "giving unmistakable signs" of progression and prosperity.

The Late James L. Kyle.

Both of the Manitowoc papers, the *Herald* and *Tribune*, contain touching and truthful obituary notices of their late fellow citizen, the Hon. JAMES L. KYLE. His death is a loss to Manitowoc and to the State. The Trustees of the village, at their meeting last week, on motion of Mr. FITCH of the *Herald*, adopted the following preamble and resolutions:

Whereas, The death of our valued fellow townsman, JAMES L. KYLE, Esq has been announced to this Board,—a man whose residence among us, has identified his memory with all our early associations,—whose ability qualified him for responsible stations,—whose kind and sympathising heart endeared him to a host of friends,—whose generous impulses were exemplified in word and in deed, therefore,

Resolved, That we deem it to be the duty of this board publicly to express the sorrow which prevails in consequence of a loss which is widely felt and deeply lamented.

Resolved, That as his life, his hopes and prospects, were centered in the welfare and prosperity of this, his chosen home, and as it was his aim and happiness to forward every measure tending to the common good, we deem this a fitting occasion to join in the general commingling of a heartfelt grief in view of this great and mournful bereavement.

Resolved, That, as he was a man of uncommon promise in his profession, of polished manners and courteous address, with a heart ever open to sympathy, and a hand ever ready to relieve distress, we regard his death as a dispensation of the most afflicting character and his loss as irreparable.

Resolved, That, we tender to his bereaved relatives the assurance of our sincere sympathy and heartfelt appreciation of a loss, which must long be keenly felt and sincerely deplored in its domestic and public relations.

REPORTER OF THE COURT OF APPEALS.—Mr. HENRY J. SELDEN, the Reporter of the New York Court of Appeals, having been compelled, by ill-health, to resign his office, the State Officers, upon whom the appointment of a successor devolves, have upon, the recommendation of the Judges of the Court, selected FRANCIS KERNAN, of Utica, a young and promising lawyer, to fill the vacancy.

CHOLERA AT ST. PAUL.—The *Minesotian* of June 17th says:

The Galena arrived yesterday morning at half-past three o'clock. Some thirty minutes after she landed, four cases of spasmodic cholera broke out among the cabin passengers. Two have died at the time we write—James Hoban, a raft pilot, formerly of the Chippewa river, and a gentleman from Canada. Dr. Sargent, of Meadville, Pa., and a German, were the other two; and at the time we write, hopes are entertained of their recovery.

NEW STEAM MILL.—We learned a few days since, that Messrs. Schneider & Stocks, of this city, have a large steam mill erected and nearly ready for the machinery, on the Pigeon River, near the intersection of the Calumet and Green Bay roads, some seven miles from the City. The engine, of 24 horse power, is now being built by Wm. N. Shafter & Co., at the Globe Foundry. The cylinder 11 inches in diameter and two feet stroke. The main shaft weighs 1500 lbs. The engine is intended to run besides the ordinary saw for heavy lumber, a lath machine, and a machine for sawing siding.—*Evergreen City Times.*

LAUNCH OF THE AMERICA.—This is the name of the new steamer recently launched for the Great Western Railway, to run on Lake Ontario. A Miss Phelps, of St. Catharines, broke a bottle of water over the vessel as she glided off the ways, amid cheers of thousands. She was built by Mr. Shickluna, and has a length of 300 feet; breadth of beam, 38 feet 6 inches; depth of hold 13 feet 9 inches. She is to be propelled by an engine of 1000 horse power, having three boilers.

She is, by far, the largest boat on Lake Ontario, and will probably be much the swiftest. She is to be commanded by Capt. Mason, long a popular commander of steamers on Lake Ontario. The mate of the *America* is named the *Canada*, and is to be precisely similar. She will be ready to leave her stocks, in a few days, and is to be commanded by Capt. Southerland, formerly of the steamer *Magnet.*—*Detroit Tribune.*

THE NEW BANK.—The Marquette County Bank is the name of a new institution just established in this place. The bills will be issued in about six weeks. Capital $50,000.—*Berlin Courant.*

Madison and Milwaukee.

Mr. PRINCE, an assistant editor of the N. Y. *Journal of Commerce*, who was among the excursionists to St. Paul, took a flying trip across Wisconsin, on his way home, and thus records his impression of our Capital and Commercial Metropolis:

Madison is an exquisitely beautiful place.—Standing between two lakes of unsurpassable beauty, it looks like a gem on the earth's surface. When I have time to come here and fish in the lakes, which abound in fish of all kinds, and make a little more acquaintance with the people, I shall perhaps have more to say of it. Just now my attention is required to blow up a stupid waiter who is vowing to one of the ladies that there is no such thing as a glass of milk to be had in Madison, merely to save himself ten steps after it.

We left Madison at half past one on Wednesday by rail for Milwaukee. We visited the Capitol and the museum at Madison, and had then *done* the town, always excepting those exquisite lakes which lie in such indescribable beauty on each side of the city. The water is so clear that you can see the bottom everywhere and can spear a fish in twenty feet depth. The railroad crosses one lake, and as we came out of the cars, we saw large fish swimming under us in the clear deep water. The railroad—the Milwaukee and Mississippi R. R. is nearly opened to Madison, but is doing a good business and appears to be in good hands. We had a pleasant ride to Milwaukee reaching the latter place at about seven o'clock in the evening.

Milwaukee is a splendid city. In some respects it is the finest city in the West. I allude particularly to the cheerful appearance of the main street, than which there are few finer sts that I know of. The Milwaukee brick, of which you have a specimen in the Trinity buildings in New York, is a light and beautiful article for building, and a street of large buildings with brown window ornament- and cornice, makes a fine appearance. We drove out to the Cathedral, which holds the most commanding eminence in the city, and visible nearly across the Lake.

All but "Milwaukee brick." When will our New York contemporaries correct that stereotyped blunder? The brick of the Trinity Buildings is a bogus article, manufactured at Buffalo as the editor of this paper informed the architect, or builder, before a single brick had been laid.

The Platteville (Grant Co.) *American* complains that "Madison and Milwaukee papers talk as though Wisconsin had no west—in fact their geography contains but four towns—Milwaukee, Janesville, Madison, and Waupun."

This complaint is certainly unfounded, so far as Milwaukee papers are concerned. We venture to say that no important item in relation to the growth and settlement, improvements and prosperity of Grant County, or any other western County, has been published in the local papers which has *not* been copied by the Milwaukee papers.

CLIFTON HOUSE.—The New York Evening *Mirror* says and says truly of this excellent Hotel kept by GEORGE SHEARS: "The 'Clifton House,' Niagara Falls, is a model hotel in every particular, and Mr. SHEARS, its popular proprietor, is a model landlord.—Everything in and about the premises is as neat and nice as a band box, and the company one meets there is tip-top."

POSTMASTERS GOING.—The Postmaster at Watertown, in this State, has been removed, and other heads are approaching the glittering blade. Cause—not believing in the Nebraska fraud as a democratic measure.—*Racine Advocate.*

This is a pure fabrication. Mr. WILLIAMS was decidedly in favor of the Nebraska bill. He was removed for other causes. This misrepresentation is unfair.—*Wisconsin.*

Is it any more "unfair" than the *Wisconsin's* insinuation? That paper professes to know, but refuses to tell, the "cause" of Mr. WILLIAMS' removal. It has hinted, indeed, that he was guilty of malfeasance in office, but maintains a mysterious silence on the subject. Is *that* fair?

Caution against Lightning.

The National Intelligencer at Washington has the following:

GUARD AGAINST STORMS.—We recur to the sorrowful circumstance of the death of Mrs. Roemie by lightning on Wednesday last for the purpose of recording a warning. We have been informed by the attending physician of the family, Dr. Magruder, who was present within a very short time after the catastrophe, that one or more windows of the house with shed-addition was connected were open at the time Mrs. R. was struck. The windows to the south and west, the quarter from which the storm came, were closed; those open were at the north. This fact tends strongly to confirm the statement of a neighbor, our informant, which we mentioned before, that the fatal blow came from a cloud that travelled against the general direction of the storm, namely, from northeast towards the southwest, to the electrical contents of which the open window afforded a passage. The warning to be derived from this is, that, on the approach of thunderstorms, all the windows and doors (and if it were possible the chimneys, too) of every house, should be closed, in order to prevent the formation of currents of moist air, so liable to convey electricity. Not only, therefore, is it wise to close doors and windows on economical grounds, to protect them and the interior of a house from the violence of the wind, but on the high ground of safety to life, to obviate the formation of moist-air drafts, which are such good conductors of the electrical fluid.

From the St. Louis Intelligencer of the 23d.

Violence and Bloodshed in Kansas.

After we had written our article for to-day's paper, condemning the lawless organizations that are forming in Western Missouri for the avowed purpose of going into Kansas and carrying out "by force" what should be left to law, the Independence Messenger has been received, from which we take this extract, showing that the soil of the new born Territory is already baptised in blood:

We learn that since the passage of the Bill, opening the Territory of Kansas for settlement, some three thousand claims have been staked off, to be occupied by virtue of the bill. We are also informed, that many difficulties and furious quarrels are arising among the claimants. An individual, whose name we did not learn, who has been in the Territory, brought the intelligence to our city a day or two since, that in one of these brawls a few days ago, a person was killed by having inflicted on him wounds and chops, which presented him in a horribly shocking and mutilated condition.

Wonder if this is just the begining of good times in the new and beautiful Territory? We have not yet learned whether the new settlers, those who would not hesitate to imbue their hands in their brother's blood, emigrated from a Christian or a barbarous land—whether from Hindostan, or from polished shores of European refinement.—If the innocent soil of the new territory is thus to be stained with blood, if it is to present a scene of savage ferocity, unknown to the aboriginal tribes, and of which they would have been ashamed, then indeed were it better had it continued the Territory of Louisiana, and remained the possession of the power bey ond the waters.

Cholera at Independence, Mo.

We are pained to learn that the Cholera has broken out at this thriving town, and that its ravages have been truly frightful. A friend writes us as follows:

Independence, Mo., June 20.

MESSRS EDITORS;—Our city was visited on Sunday morning by cholera in its most malignant form; up to the present time of writing (Tuesday morning) fifteen of our citizens have died. Almost every case reported proved fatal. Quite a number of our citizens have fled; several new cases reported this morning. A number have died in the country. Yours in haste, F.

We learn from the officers of the steamer Polar Star, which left Independence Landing on Tuesday night, that several additional deaths had taken place during the day, swelling the aggregate of deaths in three days, from cholera in the town of Independence, to twenty-five. Several fatal cases are also reported at Weston at St. Joseph; and six or eight on the steamers Clara and Sam Cloon.—*St. Louis Int, 23d.*

☞ We are informed that Ex-Governor Dewey has disposed of his valuable homestead, and other lands amounting to 2 or 300 acres, adjoining and in the immediate vicinity of Lancaster, for near $9,000 cash. Mr. D's situation had been highly embellished, and for beauty and all the appliances to make a home, can hardly be excelled in any country.—*Platteville (Grant Co.) American.*

☞ The Directors of the Great Western railway announce that a contract has been made to construct a line to Port Sarnia, and notice has been given of an application to be made to Parliament to form a branch to Malden of about 28 miles, and another to Brantford of 7 miles.—*Detroit Advertiser.*

☞ The Nebraska bill has split the Democratic party of Indiana right in two. The anti-Nebraska portion of the party are holding meetings and passing strong resolutions, and they are to meet in State Convention at Indianapolis on the 13th of July for the adoption of such measures as they shall deem necessary to the accomplishment of their purposes.—*Louisville Journal.*

City Matters.

POLICE COURT, JUNE 26th.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

A warrant was issued against three men, who were arrested and taken to jail on Sunday afternoon, by Timothy O'Brien, special policeman, and Sheriff Page, for creating a disturbance at Kellogg and Strong's Pier at the landing of the Steamer *Traveller* on Sunday.

A warrant was issued against George Las and Henry Wist for threatening to kill and murder Frances Gunther. The warrant was placed in the hands of constable Fischer for service.

The case of the State vs. Broom, Egan *et al*, was adjourned until Saturday morning next at at 10 o'clock.

The three men arrested for disturbance on the pier on Sunday were brought down from jail and their examination adjourned until the 30th, at 9 A. M. Bail was given in the sum of one hundred dollars each for their appearance on that day.

Two men who had been arrested in the forenoon on a charge of threatening to murder a woman named Gunther, were brought down from jail, but they gave bail in the sum of $500 to keep the peace six months, waiving an examination.

The above is all the business *in* the Police Court. The Justice married two couple *outside*—one pair on Saturday evening, and one pair yesterday.

MILWAUKEE HORTICULTURAL SOCIETY.—The first Exhibition of this Society will be given at Metropolitan Hall, on Thursday afternoon and evening. The Premium List may be seen at HISLOP'S Seed Store, on Wisconsin street. The season is now so far advanced that we may reasonably expect to see a very handsome display of flowers and fruits, and a pleasant time generally may be expected. All lovers of flowers will doubtless find their contributions welcomed by the committee in charge.

Child Lost.

Lost yesterday morning at 11½ A. M. John Bloodgood, a child of six years of age; light hair and complexion; wore a straw hat, straw colored pantaloons buttoned on a light calico Jacket or shirt. Any person returning him to his parents at the American House, or giving information concerning him at this office, will be amply rewarded.

THE CAMPBELL MINSTRELS.—Notwithstanding the extreme heat of the weather, the Campbell's were greeted with a fine house at Young's Hall last night. Their performances elicited frequent and warm applause, and gave very great satisfaction. They have improved very decidedly, since their last visit here, and sing together admirably. FOR THIS EVENING they offer a new and attractive programme.

WEATHER.—Yesterday was intensely hot, the thermometer marking, in various parts of the city, 93 to 102 in the shade. A good breeze, (if it had not been a hot one, from the land,) was blowing during most of the day, and for idle people, who could select a shady corner and keep it during the day, there might have been some comfort.—But for those of us who were obliged to be out of doors during at least a portion of the time, and for laborers who received the full rays of the burning sun during the long hours, the heat was almost insufferable.

FIGHT ON THE PIER.—A fight took place on the pier at the landing of the Steamer *Traveller* on Sunday afternoon. As near as we can learn the particulars are; that three men came on to the pier, and were behaving disorderly, when O'Brien, the special policeman, requested them to be quiet, or they would be arrested. Subsequently two of them commenced fighting, when the policeman interfered and was being roughly handled, his coat torn &c., when Sheriff Page stepped in and secured one, O'Brien having one at the same time. While the Sheriff was taking his man from the pier, a brother of the prisoner made an attempt to strike the Sheriff; he was also arrested by the Sheriff and taken to jail. They gave their names as Farrell, and two brothers, named Curran.

FOR BUFFALO.—The Propeller *Milwaukee*, Captain Marsden, will leave this morning for Buffalo calling at all intermediate ports. The *Milwaukee* has excellent accommodations for passengers, having been newly fitted up this season. For passage apply to Hard and Griffen, opposite the Milwaukee House.

DROWNED WHILE BATHING.—A boy, whose name is Kuehn, we believe, was drowned on Sunday afternoon about 6 o'clock while bathing near Comstock's Mill on the canal. The boy was about fourteen years of age, and in the employ of Mr. Levi, on the corner of West Water and Division Streets. His father resides 140 miles from this city; the body had not been found during yesterday.

IMPROVED SEWING MACHINES.—Ladies or gentlemen in want of a sewing machine may find it to their interest to call on Messrs. WHEELER & WILSON, 343 Broadway, New York, whose machines are in excellent repute among manufacturers and families. They should be examined at least, before purchasing elsewhere. See the advertisement in to-day's *Sentinel.*

Castings for Nazro's New Store.

The propeller *Buffalo* landed at the south pier yesterday morning, a lot of heavy castings for Nazro's new Hardware store, as follows: 8 cast iron lintels, six door sills, one sill plate, 12 boxes iron shutters and fixtures, and ten iron columns, each weighing upwards of a ton. The gross weight of the whole was 40,819 lbs. They were cast at the works of D. D. BADGER & CO. N. Y. and were insured for $3500 against loss on transportation.

PRESENTATION.—The editor of the *Free Democrat* acknowledges the receipt of a handsome hickory cane, with a steel ferule and gold head, from the colored citizens of Milwaukee, for his defence of their rights.

AN ACCESSION.—We are gratified to learn that John Lockwood, who built the Milwaukee Gas Works, has returned to take up his residence in our midst. He is a useful citizen, who has the enterprise, the energy and the capital to be foremost in all necessary improvements.—*Wisconsin.*

True enough. And if some of our citizens, who have five times the capital of Mr. LOCKWOOD, will but imitate his enterprise and energy, our new Hotel will be under way within a week.

☞ The steamer *Arctic*, Capt. Butlin, arrived yesterday from Chicago, with but a light load of passengers and freight, compared with the general travel. Among the passengers we noticed Judge Howe of Green Bay, on his return from the east.

GOLD WATCH PRESENTATION.—We made a mistake in the name of the person to whom the hands in the Menomonee Locomotive Works presented a watch. It should have been *James Waters*, the architect of the nine locomotives turned out from the shop.

DOGS KILLED.—The dog ordinance was put in force yesterday, and, as a matter of course, among the host of worthless curs, several valuable animals lost their lives. Among them we noticed a fine animal, part Newfoundland, owned by a farmer, who knew nothing of the ordinance. It seems to us that our city fathers might have taken some little pains to let farmers know of the ordinance, by posting bills on the principal avenues leading into the city; since it is hard that they should suffer the loss of valuable watch-dogs, through the execution of a necessary ordinance, but of which they knew nothing.

THE "WESTWARD HO!"—This is the name of the 9th locomotive, built at the Menomonee works, in this city, and now in the street, on the way to the La Crosse R. R. depot, for which Company it is destined to do good service, in assisting the operation of laying the tract, now going forward.

VULCAN FOUNDRY.—We invite attention to the advertisement of the new foundry on Walker's Point. As a manufactory of agricultural implements in particular, we are glad to see the enterprize started, and will gladly welcome its success.

NEW VESSEL.—A new schooner, the *Lewis Ludington*, freighted with lumber from Green Bay, came up the river yesterday. She was built at Sheboygan, and is decidedly a handsome craft.

MORE RAIL ROAD IRON.—The schooners *Sam Hale* and *H. Hagar*, which arrived from Buffalo Sunday, brought 566 bars of R. R iron for the M. & M. Railroad, and 1221 bars for the Lake Shore Rail Road.

People's Mass State Convention.

There will be a convention of those opposed to the repeal of the Missouri Compromise, the Extension of Slavery, and the Rule of the Slave Power, at Madison, Thursday, July 13. The South, with the assistance of Northern doughfaces and political hucksters, have long enough bore *almost* "undisputed away," and a thorough cleansing of the halls of Congress is now the only resort of the people of the free States. It may take a number of years to regain our lost ground; but it can and WILL be done, *provided*, that the citizens of the North will act in conformity with the dictates of their conscience, and not cowardly truckle to the mandates of the South and its Northern hirelings.

Nebraska and Anti-Nebraska will be the issue of our Congressional election in this district, at least, and he who declares for Nebraska, will in thunder tones be commanded to stay at home. There is no use in trying to disguise the fact that the Democratic party must either renounce *Pierce*, Douglas & Co., or submit to utter annihilation, and rather than this should be the case, *we would prefer to see Pierce and his coadjutors buried irremediably in their political graves.*

We are well aware that this is strong talk, but it is not only our sentiments; it is the sentiment which pervades the minds *of three fourths of the people of our county, and we may say, of the entire State.*

Again we say, we hope to hear of a general turn out of the lovers of liberty, and let our county be well represented.—*Berlin Courant.(Dem.)*

YOUNG AMERICA.—When Kate and Ellen Bateman were in London, they were invited by the Queen to spend a week at Windsor Castle with the royal children. While on their visit, the Prince of Wales took his seat for the first time in the House of Lords by the side of his mother. When he returned home, before he would allow the glittering jewels to be taken from his breast, he sought Kate Bateman, and finding her in the royal nursery with his sisters and brothers, and taking her hand, he said, "Kate, as soon as I'm a man, ma's going to give me the throne, and then I'll make you my little wife and queen." Kate then said: "Well, little Wales, if you will be a good boy, study hard, and when you grow up, select some honorable profession, I'll take your case into consideration."

DIED.

Since our last weekly, flour and wheat have fallen, under the influence of successive advices of drooping markets abroad and at the east, and most of the receipts of wheat were taken yesterday at about 1,00 ₩ bushel, though the mills paid better prices for white winter, and very choice lots, under competition of buyers brought in some cases 1,12½@1,15. The fall has been a sudden and rapid one, and though we have no idea that there is much wheat left in the country to feel the effects of it, yet many farmers will have reason to regret that they have not pushed their stock to market while prices were up. Our quotations show the outside range of the market.

Rye and Barley maintain their figures of last week very nearly, while Corn has advanced a few cents.

In Linseed Oil and Spirits of Turpentine, we note a decline.

Wool has come in for some days rather more freely, although the farmers who can afford it, for the most part are holding their stock for higher prices. The range for common to good qualities is 21@32c, though fine sorts occasionally bring a few cents more.

Sale yesterday of 800 bus mixed wheat at 1,12½.

FREIGHTS—Schrs. *DeWitt* and *Hagar* load with wheat for Oswego at 16c. Schr. *Handy* takes wheat to Oswego at 14c. Brig *Sam Hale* takes oats to Buffalo at 7c.

An extended tour through eight or ten counties of this State has served to satisfy us that, if there should be no drawback in the way of unfavorable weather, the crops of wheat, barley, oats, rye, corn, and potatoes, will exceed the most sanguine expectations of those who have not had the like advantage of passing through the country. The crops now, without exception, look well, and the only complaint which we heard, in a ten days tour, was an occasional one with reference to the spring wheat, that it was so heavy that it would probably lodge in the field. Wisconsin will send forward a vast surplus as the result of the harvest of 1854. Judging from the appearance of the winter wheat in many portions of the State, we think that the harvest must commence next week, and be well advanced by the 10th of July, if the present warm weather continues.

Buffalo Market, June 24.

The market continues dull—small lots good Ohio sold at 9,00—Upper lake held at 7,75 without sales and without inquiry.

GRAIN—No change in prices of Wheat. Corn easier and dull—sales 6000 bu at 66c. Oats in better inquiry—about 1500 bushels at 45c.

Milwaukee Price Current.

EDITORIAL CORRESPONDENCE.

OSHKOSH, June 20 '54,

According to the programme, our party was [illegible] early breakfast this morning, and by [illegible] o'clock or thereabouts were on board the *Pioneer* [illegible] and southwards and *up*-stream, contrary to the established rules of school-days, when the *top* of the map was always up. The sky was overcast and the clouds threatened rain, so that we had no opportunity to note the effect of [illegible] the grand [illegible] on the finely terraced banks of the [illegible]. Green Bay, Howard, [illegible], and Astoria, all lay sleeping, save those collected about and the passengers upon the *Pioneer*. The herds of ponies and cows were [illegible] quietly browsing in the streets—[illegible] half-breeds were sleeping—the participators in the hop at the "Astor" were sleeping after their frolic—and the *faith*-ful people of [illegible] Bay were dreaming of the good time coming—as we went along up the stream. Depere was scarcely awake as we passed, and our schoolmaster was not on hand to avail himself of the commissioner's interest in his behalf.

So we went along quietly—the *Pioneer* cannot go rapidly—stopping here to go through locks, and there to take on wood, enjoying the picture of the stream and its framework of verdure, listening to the *yarns* of the boatmen, and (for myself) gaining such information of the progress of the improvement, and of the country, as I could from Messrs. Martin, Desnoyers, and Anderson, who were on board, bound for the Kaukauna, on business.

I must have sadly misunderstood my informant yesterday, as to the amount of fall between Menasha and Green Bay, for, whereas, I stated the distance to be about 80 feet, it must be nearer 160 feet, since there will be much over a dozen locks, the lift at Kaukauna alone, by five locks, being 50 feet.

We left the steamer at this place, and, being packed into two coaches at 11½ o'clock, rattled away towards Menasha, arriving there decidedly damp from the effects of a shower which insisted very perseveringly upon making its way inside of the coach. The steamer *Peytona* was lying at the dock ready for a start, and we went aboard immediately. The dredge boat was in the river ready for operation. In the few moments allowed us, an old acquaintance and old settler, Mr. Curtis Reed, showed me the excavation for the canal, the situation of the various factories, and gave me some ideas as to the future prospects of Menasha, which are certainly very flattering.

I found that the steamer *Menasha* had been laid by for the present; the *Peytona*, a very comfortable, roomy, and reliable craft, taking her place on the Lake Winnebago route. The arrangements have been so changed that the steamer now leaves Oshkosh at 5 A. M. for Fond du Lac, enabling passengers to reach Milwaukee the next morning. Returning, she comes to Oshkosh and makes the round trip, leaving Fond du Lac at evening again, and remaining at Oshkosh over night. The *Barlow* leaves for the Wolf river in the morning, while the new light-draught boat *W. C. Knapp* takes the *Peytona's* place on the upper Neenah to Berlin. The latter is a very steady craft, and took us along comfortably to Oshkosh against waves rolling up to an extent which would make many larger boats rock so as to give passengers an arithmetical? turn. Capt. Houghtling, or somebody else, through the good offices of Mr. Farnsworth, our Green Bay landlord, who was on board, (bound for Milwaukee,) furnished some of us fasting people with a lunch, although it was long past the dinner hour.

Thus far we had written, when, turning north westward again, we concluded that we should reach home quite as soon as letters were likely to get there. The remainder of the journey we remark upon from memory.

At Oshkosh numerous acquaintances, made at Madison and elsewhere, were found—among them Messrs. Bashford and Gary of the Legislature, Nevitt and Burnside of the *Courier* and *Democrat*; Harding and Murdock, late of the State Land Office. To the courtesy of Mr. Ames, an enterprising merchant, we were indebted for a pleasant ride about the city, and enabled to mark the great improvements which have been made since our last visit. Oshkosh, as is well known, has a remarkably favorable location for business, at the point where the united waters of the Wolf and Neenah pour into Lake Winnebago. The city has now nearly, or quite 3000 inhabitants, and is growing rapidly. The upper portions of the town are finely situated and laid out for residences, and much taste is exhibited in their erection, while the main street is lined with stores, &c. filled with large stocks of goods, and enjoying a good run of business, the trade with the new counties above and with the pineries, requiring large supplies.

The new boat, *W. A. Knapp*, reached the dock from Berlin, just as the *Peytona* came in from Fond du Lac, and as the former would return immediately, we resolved to take passage up the Neenah. On the dock we found Mr. Fitzgerald, of the firm of Fitzgerald & Moore, owners of the *Menasha, Peytona* and *Barlow*, and obtained much information from him relative to the business and resources of the country.

The trip up the Neenah or Fox River to Berlin, provides nothing of special interest. For the most part the banks are low and marshy, and the channel winds hither and thither in a most provoking fashion, the boat moving towards every point of the compass in the space of half an hour. At a distance, higher lands and fine openings and farms are to be seen, while occasionally the high, solid land comes to view, furnishing good town sites, as at Eureka, Omro, and Sacramento. Capt. Knapp, a clever, sociable body, had not yet been able to obtain a cook, though one was engaged for the next day; so that some of us were well nigh famished, and when we arrived at Omro, at about 4 P. M., a party of us made a levy on the "City Hotel" for a newspaper full of provender, the lunch being enjoyed with good will and good humor on the cabin table. We were at Berlin by 7½ P. M.

For some time before reaching this place we had solid land on each side of us, and could see a fine farming country, well improved. Berlin has grown, within the past 3 years, to be a town of considerable importance, and as the terminus of the second division of the Milwaukee & Horicon R. R. is a point of much interest. It has an excellent newspaper, published by Tracy and Fitch, called the *Courant*. Its population is over 1500, and with the splendid farming country in the vicinity, must continue to increase rapidly in all the elements of prosperity.

Finding that the stage route to Portage City does not pass south of Green Lake, through a country which we desired to see again, we were glad to accept a seat in a private conveyance with a friend, Mr. W. A. [illegible], formerly editor of the *Statesman*, and started with him southward *via* Ripon, at 9 o'clock on Thursday morning. Here we were, in the very garden of the State—the openings cleared—the prairies all under cultivation, except the few spots where the breaking-plows were turning over the sod—the roads fenced and as smooth as a floor, and the fields looking their best, in the promise of a very abundant harvest. Wheat, oats and rye, stand very heavy on the ground, the winter wheat beginning to turn. Corn and potatoes were well advanced, some fields showing the former two feet high, and the latter in blossom. On arriving at Ripon, we were fortunate in finding Mr. Mapes, editor of the *Herald* and one of the earliest settlers in this part of the country, and together with Mr. Bassen, an agent of the Horicon R. R. Co. enjoyed the extensive view of the town and surrounding country to be had from the top of the College building, 140 feet above the waters of Lake Winnebago. Nothing more than was this needed to furnish the reasons why a town of 1200 inhabitants has grown up here, and is still increasing in growth, after we add that both here and at Ceresco, 1 mile distant, are fine flouring mills, giving a good market for wheat. Marvellous stories were told me of the fertility of the soil hereabouts. One large field of 400 acres of wheat, cultivated in common by several parties, it was said, yielded a year or two since, over 19,000 bushels! I tell the story as it was told to me, having no reason at all to believe that it was not a true one. Now get a railroad connection with a country like that, such as will be afforded by the Horicon R. R. in a few months, and imagine what it will do for Milwaukee!

Leaving Ripon after an early dinner, we pushed onwards southwestwardly over a prairie country *for the most part*, towards Kingston. Through this fertile region we had passed three years before, when a good part of the prairies were already brought under cultivation, but finding large stretches still in a state of nature. Now, almost every foot is under the plough, or covered with the most promising crops. We have seen nothing like this east and south-east portion of Marquette county in all of our journeys over the State, and can conceive of no finer country for farming purposes. Timber is not difficult to be obtained, and streams are frequent. Kingston is a smart little town, about 4 miles south of Lake Puckaway, which occupies nearly the centre of the county, having a good flouring mill, the product of which has brought a large price in Milwaukee this season.

It was nearly 7 o'clock P. M. when we left Kingston for Portage City, coming after a few miles into a wilder and rougher country, owned we presume, in good part by that pestiferous class of people, non-resident speculators. After a while, as we proceeded, the face of the country became more broken, and the soil sandy, and clearings scarce. It was growing dark as we came in sight of the white buildings of the old barracks of Fort Winnebago—now the property of private individuals—and turned down the hill, crossing the Fox river and the narrow strip of land which separates its waters from those of the Wisconsin. Crossing the canal, we escaped from the musquitoes of the low grounds into Portage City by 9½ P. M.

Next morning, after calling upon our friends of the *Republic*, who with the proprietors of the *Badger State* furnish excellent local papers, and we were glad to learn, well patronized, we were seized upon by our friend, E. W. Tenney, who has recently removed to Portage City, and taken around to "see the lions." The *city*—we don't have many villages in these days—has taken the wise resolution to grow up out of the low grounds since my last visit, and is fast spreading over the hills. Owing to the well known difficulties about titles, nothing permanent in the way of improvement is done to the principal streets as yet, which—the soil being very sandy—need to be planked to be at all comfortable. Several fine blocks of stores, however, have been erected and are occupied as fast as completed, while the dwellings, many of which are very tasteful, are seeking out pleasant locations on the higher grounds. One of these, built of brick, nearly resembling in color and texture our Milwaukee article, occupies a commanding situation. Real estate is now very low in Portage City as compared with many other towns in the state possessing far less advantages of location for business. The Canal already unites the two rivers, allowing boats to pass through, and railroads are stretching towards the town from the east and south east, so that there is every reason to think that investments in real estate at Portage City, by men of liberal ideas, must prove very profitable. The "Veeder claim" difficulty still exists. Though it by no means covers any great portion of the settled part of the city, yet it happens that some 30 acres or thereabouts are covered with buildings, and the proprietor—so established by the Courts—declines to make arrangements with the people for some reason. It is certainly to be hoped that he will consent to put this vexed matter at rest, as it seems probable that he could do, and find himself independently rich at once, with the greater portion of his lands still on his hands.

At 10 A. M. of Friday we were on our way again. Of this hot day, and the dusty, sandy roads which we encountered for some 12 miles, the recollection is still uncomfortable; and with the thermometer nearly at blood heat, it is not pleasant to write about our journey over the magnificent prairie, with the sultry atmosphere almost suffocating us through the long afternoon. But by 9 P. M. we were safely housed at the Capital House at Madison, and not long after enjoying refreshing sleep in this, the best hotel in the State. Mr. Stevens, the landlord, we think, went into the house with some apprehensions that he might lose in summer a good portion of his winter's profits, but finds himself agreeably disappointed in a crowded house, all the time. He has only to regret that it is not twice as large, for it would be full even then. Madison is all that I expected to see it, and even more. It is, by all odds, the most beautiful town as to situation among its lakes—as to surrounding scenery—as to cool and inviting shades—as to eligible locations for retired dwellings—and as to the style of buildings generally, that we have seen anywhere. We do not wonder that tourists flock thither; we only wonder that more of our Milwaukee people do not run out by railroad to escape the dust and care of city life, and enjoy themselves in comfort.

Returning home by railroad on Saturday afternoon, we saw more of the abundant promise of the crops of all kinds. Our produce dealers must prepare for such an influx of business as they have scarcely imagined. We had some trouble with the engine beyond Stoughton, but made up our lost time before we reached Waukesha. The five hours' ride is a very pleasant one, but will be pleasanter when, as will be the case shortly, it is lessened by an hour. Water in each passenger car is the great need just now, and we hope that it will be provided without delay.

NEW HAMPSHIRE LEGISLATURE.—Two ballots were had in the New Hampshire House, on the 21st, for U. S. Senator. The first stood: whole number, 304; necessary to a choice, 153; Wells (dem.) 144, Eastman (whig) 89, Tappan (F. S.) 44, Morrison (Anti-Nebraska dem.) 22, scattering 5. The second ballot was nearly the same except that Morrison received 32 votes and Tappan 34. An indefinite postponement was then moved and carried; Yeas 154, Nays 149. This vote was subsequently reconsidered, and further balloting postponed till Friday of this week, when the Nebraska resolutions are also to be disposed of. The chance of electing two "Pierce and Nebraska" Senators from New Hampshire appears to be decidedly slim.

REAL ESTATE IN WAUKESHA.—Mr. DAKIN sold his homestead (10 acres) near the village of Waukesha, last week, for $2600, and MR. S. BARNEY sold his farm, two miles from the village, (360 acres,) for $10,800.

Excitement at Watertown.

We mentioned a few days since that MYRON B. WILLIAMS, the Postmaster at Watertown, appointed by the present National Administration, had been removed for some cause unknown, and P. V. BROWN, a brother-in-law of Comptroller [illegible], appointed in his stead. The *Wisconsin* expressed great satisfaction at this change, professed to know all about the "reasons" for it, and intimated that other Postmasters, who had been "playing the same game" with Mr. WILLIAMS, were about to suffer the same penalty. It appears that the *Wisconsin* rejoices alone in this matter. At least, the democracy of Watertown don't share in its delight, and are entirely in the dark as to the cause of Mr. WILLIAMS' removal.

The Watertown *Register* of Saturday contains the proceedings of a public meeting on this subject, which breathe anything but satisfaction at this Post Office change. The meeting was a very large one, nearly 500 present; all Democrats, and supporters of President PIERCE. The Mayor, Mr. PRENTISS, presided, assisted by three Vice Presidents and two Secretaries. Speeches were made by Judge BUTLER, the Mayor, and Mr. E. ROTHE, (the latter in German,) and by Mr. A. F. CADY, the latter "showing fully that Barstow and the balance had accomplished the removal of Mr. Williams." The following resolutions were adopted with entire unanimity:

Resolved, That the removal of Myron B. Williams, Esq., from the Post Office of the City of Watertown, is received here with astonishment and regret. We are astonished that a man like him, honest, capable, and faithful to the Constitution in all its parts, now and always a reliable democrat of the Jeffersonian school, should be removed without any cause whatever.

Resolved, That in all relations of life, Mr. Williams sustains the character of a worthy gentleman, and has the entire confidence of this community, and in our opinion his removal has been effected by false representations to the Department.

Resolved, That the re-appointment of Mr. Williams would give great satisfaction to this community, and we hope and trust the Department will reinstate him in the office from which he has been removed.

A committee was also appointed to embody these resolutions in a memorial, circulate it for signatures among the citizens and business men of Watertown, and forward it to our Senators at Washington.

The *Register* devotes over two columns to this subject; fully endorsing the proceedings of this meeting; bearing generous testimony to the good qualities and sterling "democracy" of the decapitated Postmaster, (Mr. QUINER, editor of the *Register*, was an applicant for the same appointment,) and denouncing Mr. MACY in severe terms for his supposed complicity in the removal of Mr. WILLIAMS. The *funniest* feature in the whole transaction to us outsiders is, that the Federal Administration should be so ready to proscribe its friends in this State, to oblige "Barstow and the balance," who are notoriously its enemies.—However, that is their look-out—not ours.

CONGRESSMEN CARRYING WEAPONS.—It appears that Mr CHURCHWELL, of Tennessee, went *armed* to the House of Representatives, on the day of his *fracas* with his colleague, Mr. CULLOM, and when the latter approached him, drew, cocked and presented a *pistol*. Gen. FOOTE, of Mississippi, did the same thing once, in the Senate, in dread of Col. BENTON. Had the Senate in that instance and the House in this, *instantly* expelled the member who was guilty of the inexcusable outrage, there would have been an end to the practice of Members of Congress carrying arms into the National Council Chamber.

The *Wisconsin*, by the way, has not yet corrected its mis-statement that Mr. CHURCHWELL is a whig. The original error, we are willing to believe, was unintentional. But by persisting in it, after its attention has been called to the matter, the *Wisconsin* will raise the presumption that it meant to misrepresent the facts.

MANITOWOC GOING AHEAD.—The Manitowoc *Tribune* reports that village and the country adjacent, as improving rapidly. Upwards of 30 new buildings have been put up within the corporation limits since April 1st; the hotels are all crowded; boats daily arriving with loads of living freight; the lumber business brisk beyond all precedent; labor in constant demand and well-paid; crops in the county all looking well and all the region roundabout "giving unmistakable signs" of progression and prosperity.

The Late James L. Kyle.

Both of the Manitowoc papers, the *Herald* and *Tribune*, contain touching and truthful obituary notices of their late fellow citizen, the Hon. JAMES L. KYLE. His death is a loss to Manitowoc and to the State. The Trustees of the village, at their meeting last week, on motion of Mr. FITCH of the *Herald*, adopted the following preamble and resolutions:

Whereas, The death of our valued fellow townsman, JAMES L. KYLE, Esq has been announced to this Board,—a man whose residence among us, has identified his memory with all our early associations,—whose ability qualified him for responsible stations,—whose kind and sympathising heart endeared him to a host of friends,—whose generous impulses were exemplified in word and in deed, therefore,

Resolved, That we deem it to be the duty of this board publicly to express the sorrow which prevails in consequence of a loss which is widely felt and deeply lamented.

Resolved, That as his life, his hopes and prospects, were centered in the welfare and prosperity of this, his chosen home, and as it was his aim and happiness to forward every measure tending to the common good, we deem this a fitting occasion to join in the general commingling of a heartfelt grief in view of this great and mournful bereavement.

Resolved, That, as he was a man of uncommon promise in his profession, of polished manners and courteous address, with a heart ever open to sympathy, and a hand ever ready to relieve distress, we regard his death as a dispensation of the most afflicting character and his loss as irreparable.

Resolved, That, we tender to his bereaved relatives the assurance of our sincere sympathy and heartfelt appreciation of a loss, which must long be keenly felt and sincerely deplored in its domestic and public relations.

REPORTER OF THE COURT OF APPEALS.—Mr. HENRY J. SELDEN, the Reporter of the New York Court of Appeals, having been compelled, by ill-health, to resign his office, the State Officers, upon whom the appointment of a successor devolves, have upon, the recommendation of the Judges of the Court, selected FRANCIS KERNAN, of Utica, a young and promising lawyer, to fill the vacancy.

CHOLERA AT ST. PAUL.—The *Minnesotian* of June 17th says:

The Galena arrived yesterday morning at half-past three o'clock. Some thirty minutes after she landed, four cases of spasmodic cholera broke out among the cabin passengers. Two have died at the time we write—James Hoban, a raft pilot, formerly of the Chippewa river, and a gentleman from Canada. Dr. Sargent, of Meadville, Pa., and a German, were the other two; and at the time we write, hopes are entertained of their recovery.

NEW STEAM MILL.—We learned a few days since, that Messrs. Schneider & Stocks, of this city, have a large steam mill erected and nearly ready for the machinery, on the Pigeon River, near the intersection of the Calumet and Green Bay roads, some seven miles from the City. The engine of 24 horse power, is now being built by Wm. N. Shafter & Co., at the Globe Foundry. The cylinder 11 inches in diameter and two feet stroke. The main shaft weighs 1500 lbs. The engine is intended to run besides the ordinary saw for heavy lumber, a lath machine, and a machine for sawing siding.—*Evergreen City Times*.

LAUNCH OF THE AMERICA.—This is the name of the new steamer recently launched for the Great Western Railway, to run on Lake Ontario. A Miss Phelps, of St. Catharines, broke a bottle of water over the vessel as she glided off the ways, amid cheers of thousands. She was built by Mr. Shickluna, and has a length of 300 feet; breadth of beam, 38 feet 6 inches; depth of hold 13 feet 9 inches. She is to be propelled by an engine of 1000 horse power, having three boilers.

She is, by far, the largest boat on Lake Ontario, and will probably be much the swiftest. She is to be commanded by Capt. Mason, long a popular commander of steamers on Lake Ontario. The mate of the *America* is named the *Canada*, and is to be precisely similar. She will be ready to leave her stocks, in a few days, and is to be commanded by Capt. Southerland, formerly of the steamer *Magnet*.—*Detroit Tribune*.

THE NEW BANK.—The Marquette County Bank is the name of a new institution just established in this place. The bills will be issued in about six weeks. Capital $50,000.—*Berlin Courant*.

Madison and Milwaukee.

Mr. PRINCE, an assistant editor of the N. Y. *Journal of Commerce*, who was among the excursionists to St. Paul, took a flying trip across Wisconsin, on his way home, and thus records his impression of our Capital and Commercial Metropolis:

Madison is an exquisitely beautiful place.—Standing between two lakes of unsurpassable beauty, it looks like a gem on the earth's surface. When I have time to come here and fish in the lakes, which abound in fish of all kinds, and make a little more acquaintance with the people, I shall perhaps have more to say of it. Just now my attention is required to blow up a stupid waiter who is vowing to one of the ladies that there is no such thing as a glass of milk to be had in Madison, merely to save himself ten steps after it.

We left Madison at half past one on Wednesday by rail for Milwaukee. We visited the Capitol and the museum at Madison, and had then *done* the town, always excepting those exquisite lakes which lie in such indescribable beauty on each side of the city. The water is so clear that you can see the bottom everywhere and can spear a fish in twenty feet depth. The railroad crosses one lake, and as we came out of the cars, we saw large fish swimming under us in the clear deep water. The railroad—the Milwaukee and Mississippi R. R. is nearly opened to Madison, but is doing a good business and appears to be in good hands. We had a pleasant ride to Milwaukee reaching the latter place at about seven o'clock in the evening.

Milwaukee is a splendid city. In some respects it is the finest city in the West. I allude particularly to the cheerful appearance of the main street, than which there are few finer sts that I know of. The Milwaukee brick, of which you have a specimen in the Trinity buildings in New York, is a light and beautiful article for building, and a street of large buildings with brown window ornaments and cornice, makes a fine appearance. We drove out to the Cathedral, which holds the most commanding eminence in the city, and visible nearly across the Lake.

All but "Milwaukee brick." When will our New York contemporaries correct that stereotyped blunder? The brick of the Trinity Buildings is a bogus article, manufactured at Buffalo as the editor of this paper informed the architect, or builder, before a single brick had been laid.

The Platteville (Grant Co.) *American* complains that "Madison and Milwaukee papers talk as though Wisconsin had no west—in fact their geography contains but four towns—Milwaukee, Janesville, Madison, and Waupun."

This complaint is certainly unfounded, so far as Milwaukee papers are concerned. We venture to say that no important item in relation to the growth and settlement, improvements and prosperity of Grant County, or any other western County, has been published in the local papers which has *not* been copied by the Milwaukee papers.

CLIFTON HOUSE.—The New York Evening *Mirror* says and says truly of this excellent Hotel kept by GEORGE SHEARS: "The 'Clifton House,' Niagara Falls, is a model hotel in every particular, and Mr. SHEARS, its popular proprietor, is a model landlord.—Everything in and about the premises is as neat and nice as a band box, and the company one meets there is tip-top."

POSTMASTERS GOING.—The Postmaster at Watertown, in this State, has been removed, and other heads are approaching the glittering blade. Cause—not believing in the Nebraska fraud as a democratic measure.—*Racine Advocate*.

This is a pure fabrication. Mr. WILLIAMS was decidedly in favor of the Nebraska bill. He was removed for other causes. This misrepresentation is unfair.—*Wisconsin*.

Is it any more "unfair" than the *Wisconsin's* insinuation? That paper professes to know, but refuses to tell, the "cause" of Mr. WILLIAMS' removal. It has hinted, indeed, that he was guilty of malfeasance in office, but maintains a mysterious silence on the subject. Is *that* fair?

Caution against Lightning.

The National Intelligencer at Washington has the following:

GUARD AGAINST STORMS.—We recur to the sorrowful circumstance of the death of Mrs. Rocmle by lightning on Wednesday last for the purpose of recording a warning. We have been informed by the attending physician of the family, Dr. Magruder, who was present within a very short time after the catastrophe, that one or more windows of the house with shed-addition was connected were open at the time Mrs. R. was struck. The windows to the south and west, the quarter from which the storm came, were closed; those open were at the north. This fact tends strongly to confirm the statement of a neighbor, our informant, which we mentioned before, that the fatal blow came from a cloud that travelled against the general direction of the storm, namely, from northeast towards the southwest, to the electrical contents of which the open window afforded a passage. The warning to be derived from this is, that, on the approach of thunderstorms, all the windows and doors (and if it were possible the chimneys, too) of every house, should be closed, in order to prevent the formation of currents of moist air, so liable to convey electricity. Not only, therefore, is it wise to close doors and windows on economical grounds, to protect them and the interior of a house from the violence of the wind, but on the high ground of safety to life, to obviate the formation of moist-air drafts, which are such good conductors of the electrical fluid.

From the St. Louis Intelligencer of the 22d.

Violence and Bloodshed in Kansas.

After we had written our article for to-day's paper, condemning the lawless organizations that are forming in Western Missouri for the avowed purpose of going into Kansas and carrying out "by force" what should be left to law, the Independence Messenger has been received, from which we take this extract, showing that the soil of the new born Territory is already baptised in blood:

We learn that since the passage of the Bill, opening the Territory of Kansas for settlement, some three thousand claims have been staked off, to be occupied by virtue of the bill. We are also informed, that many difficulties and furious quarrels are arising among the claimants. An individual, whose name we did not learn, who has been in the Territory, brought the intelligence to our city a day or two since, that in one of these brawls a few days ago, a person was killed by having inflicted on him wounds and chops, which prostrated him in a horribly shocking and mutilated condition.

Wonder if this is just the begining of good times in the new and beautiful Territory? We have not yet learned whether the new settlers, those who would not hesitate to imbue their hands in their brother's blood, emigrated from a Christian or a barbarous land—whether from Hindostan, or from polished shores of European refinement.—If the innocent soil of the new territory is thus to be stained with blood, if it is to present a scene of savage ferocity, unknown to the aboriginal tribes, and of which they would have been ashamed, then indeed were it better had it continued the Territory of Louisiana, and remained the possession of the power beyond the waters.

Cholera at Independence, Mo.

We are pained to learn that the Cholera has broken out at this thriving town, and that its ravages have been truly frightful. A friend writes us as follows:

Independence, Mo., June 20.

MESSRS EDITORS:—Our city was visited on Sunday morning by cholera in its most malignant form; up to the present time of writing (Tuesday morning) fifteen of our citizens have died. Almost every case reported proved fatal. Quite a number of our citizens have fled; several new cases reported this morning. A number have died in the country. Yours in haste, F.

We learn from the officers of the steamer Polar Star, which left Independence Landing on Tuesday night, that several additional deaths had taken place during the day, swelling the aggregate of deaths in three days, from cholera in the town of Independence, to twenty-five. Several fatal cases are also reported at Weston at St. Joseph; and six or eight on the steamers Clara and Sam Cloon.—*St. Louis Int*, 23d.

☞ We are informed that Ex-Governor Dewey has disposed of his valuable homestead, and other lands amounting to 2 or 300 acres, adjoining and in the immediate vicinity of Lancaster, for near $9,000 cash. Mr. D's situation had been highly embellished, and for beauty and all the appliances to make a home, can hardly be excelled in any country.—*Plattville (Grant Co.) American*.

☞ The Directors of the Great Western railway announce that a contract has been made to construct a line to Port Sarnia, and notice has been given of an application to be made to Parliament for a branch to Malden of about 28 miles, and another to Brantford of 7 miles.—*Detroit Advertiser*.

☞ The Nebraska bill has split the Democratic party of Indiana right in two. The anti-Nebraska portion of the party are holding meetings and passing strong resolutions, and they are to meet in State Convention at Indianapolis on the 13th of July for the adoption of such measures as they shall deem necessary to the accomplishment of their purposes.—*Louisville Journal*.

City Matters.

POLICE COURT, JUNE 26th.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

A warrant was issued against three men, who were arrested and taken to jail on Sunday afternoon, by Timothy O'Brien, special policeman, and Sheriff Page, for creating a disturbance at Kellogg and Strongs Pier at the landing of the Steamer *Traveller* on Sunday.

A warrant was issued against George Las and Henry Wist for threatening to kill and murder Frances Gunther. The warrant was placed in the hands of constable Fischer for service.

The case of the State vs. Broom, Egan *et al*, was adjourned until Saturday morning next at at 10 o'clock.

The three men arrested for disturbance on the pier on Sunday were brought down from jail and their examination adjourned until the 30th, at 9 A. M. Bail was given in the sum of one hundred dollars each for their appearance on that day.

Two men who had been arrested in the forenoon on a charge of threatening to murder a woman named Gunther, were brought down from jail, but they gave bail in the sum of $500 to keep the peace six months, waiving an examination.

The above is all the business *in* the Police Court. The Justice married two couple *outside*—one pair on Saturday evening, and one pair yesterday.

MILWAUKEE HORTICULTURAL SOCIETY.—The first Exhibition of this Society will be given at Metropolitan Hall, on Thursday afternoon and evening. The Premium List may be seen at HISLOP'S Seed Store, on Wisconsin street. The season is now so far advanced that we may reasonably expect to see a very handsome display of flowers and fruits, and a pleasant time generally may be expected. All lovers of flowers will doubtless find their contributions welcomed by the committee in charge.

Child Lost.

Lost yesterday morning at 11½ A. M. John Bloodgood, a child of six years of age; light hair and complexion; wore a straw hat, straw colored pantaloons buttoned on a light calico Jacket or shirt. Any person returning him to his parents at the American House, or giving information concerning him at this office, will be amply rewarded.

THE CAMPBELL MINSTRELS.—Notwithstanding the extreme heat of the weather, the Campbell's were greeted with a fine house at Young's Hall last night. Their performances elicited frequent and warm applause, and gave very great satisfaction. They have improved very decidedly, since their last visit here, and sing together admirably. FOR THIS EVENING they offer a new and attractive programme.

WEATHER.—Yesterday was intensely hot, the thermometer marking, in various parts of the city, 93 to 102 in the shade. A good breeze, (if it had not been a hot one, from the land,) was blowing during most of the day, and for idle people, who could select a shady corner and keep it during the day, there might have been some comfort.—But for those of us who were obliged to be out of doors during at least a portion of the time, and for laborers who received the full rays of the burning sun during the long hours, the heat was almost insufferable.

FIGHT ON THE PIER.—A fight took place on the pier at the landing of the Steamer *Traveller* on Sunday afternoon. As near as we can learn the particulars are; that three men came on to the pier, and were behaving disorderly, when O'Brien, the special policeman, requested them to be quiet, or they would be arrested. Subsequently two of them commenced fighting, when the policeman interfered and was being roughly handled, his coat torn &c., when Sheriff Page stepped in and secured one, O'Brien having one at the same time. While the Sheriff was taking his man from the pier, a brother of the prisoner made an attempt to strike the Sheriff; he was also arrested by the Sheriff and taken to jail. They gave their names as Farrell, and two brothers, named Curran.

FOR BUFFALO.—The Propeller *Milwaukee*, Captain Marsden, will leave this morning for Buffalo calling at all intermediate ports. The *Milwaukee* has excellent accommodations for passengers, having been newly fitted up this season. For passage apply to Hard and Griffen, opposite the Milwaukee House.

DROWNED WHILE BATHING.—A boy, whose name is Kuehn, we believe, was drowned on Sunday afternoon about 6 o'clock while bathing near Comstock's Mill on the canal. The boy was about fourteen years of age, and in the employ of Mr. Levi, on the corner of West Water and Division Streets. His father resides 140 miles from this city; the body had not been found during yesterday.

IMPROVED SEWING MACHINES.—Ladies or gentlemen in want of a sewing machine may find it to their interest to call on Messrs. WHEELER & WILSON, 343 Broadway, New York, whose machines are in excellent repute among manufacturers and families. They should be examined at least, before purchasing elsewhere. See the advertisement in to-day's *Sentinel*.

Castings for Nazro's New Store.

The propeller *Buffalo* landed at the south pier yesterday morning, a lot of heavy castings for Nazro's new Hardware store, as follows: 8 cast iron lintels, six door sills, one sill plate, 12 boxes iron shutters and fixtures, and ten iron columns, each weighing upwards of a ton. The gross weight of the whole was 40,819 lbs. They were cast at the works of D. D. BADGER & Co. N. Y. and were insured for $3500 against loss on transportation.

PRESENTATION.—The editor of the *Free Democrat* acknowledges the receipt of a handsome hickory cane, with a steel ferule and gold head, from the colored citizens of Milwaukee, for his defence of their rights.

AN ACCESSION.—We are gratified to learn that John Lockwood, who built the Milwaukee Gas Works, has returned to take up his residence in our midst. He is a useful citizen, who has the enterprise, the energy and the capital to be foremost in all necessary improvements.—*Wisconsin*.

True enough. And if some of our citizens, who have five times the capital of Mr. LOCKWOOD, will but imitate his enterprise and energy, our new Hotel will be under way within a week.

☞ The steamer *Arctic*, Capt. Butlin, arrived yesterday from Chicago, with but a light load of passengers and freight, compared with the general travel. Among the passengers we noticed Judge HOWE of Green Bay, on his return from the east.

GOLD WATCH PRESENTATION.—We made a mistake in the name of the person to whom the hands in the Menomonee Locomotive Works presented a watch. It should have been *James* Waters, the architect of the nine locomotives turned out from the shop.

DOGS KILLED.—The dog ordinance was put in force yesterday, and, as a matter of course, among the host of worthless curs, several valuable animals lost their lives. Among them we noticed a fine animal, part Newfoundland, owned by a farmer, who knew nothing of the ordinance. It seems to us that our city fathers might have taken some little pains to let farmers know of the ordinance, by posting bills on the principal avenues leading into the city; since it is hard that they should suffer the loss of valuable watch-dogs, through the execution of a necessary ordinance, but of which they knew nothing.

THE "WESTWARD HO!"—This is the name of the 9th locomotive, built at the Menomonee works, in this city, and now in the street, on the way to the La Crosse R. R. depot, for which Company it is destined to do good service, in assisting the operation of laying the tract, now going forward.

VULCAN FOUNDRY.—We invite attention to the advertisement of the new foundry on Walker's Point. As a manufactory of agricultural implements in particular, we are glad to see the interprize started, and will gladly welcome its success.

NEW VESSEL.—A new schooner, the *Lewis Ludington*, freighted with lumber from Green Bay, came up the river yesterday. She was built at Sheboygan, and is decidedly a handsome craft.

MORE RAIL ROAD IRON.—The schooners *Sam Hale* and *H. Hagar*, which arrived from Buffalo Sunday, brought 566 bars of R. R iron for the M. & M. Railroad, and 1221 bars for the Lake Shore Rail Road.

People's Mass State Convention.

There will be a convention of those opposed to the repeal of the Missouri Compromise, the Extension of Slavery, and the Rule of the Slave Power, at Madison, Thursday, July 13. The South, with the assistance of Northern doughfaces and political hucksters, have long enough bore *almost* "undisputed sway," and a thorough cleansing of the halls of Congress is now the only resort of the people of the free States. It may take a number of years to regain our lost ground; but it *can* and WILL be done, *provided*, that the citizens of the North will act in conformity with the dictates of their conscience, and not cowardly truckle to the mandates of the South and its Northern hirelings.

Nebraska and Anti-Nebraska will be the issue of our Congressional election in this district, at least, and he who declares for Nebraska, will in thunder tones be commanded to stay at home. There is no use in trying to disguise the fact that the Democratic party must either renounce Pierce, Douglas & Co., or submit to utter annihilation, and rather than this should be the case, *we would prefer to see Pierce and his coadjutors buried irremediably in their political graves*.

We are well aware that this is strong talk, but it is not only our sentiments; it is the sentiment which pervades the minds *of three fourths of the people of our county, and we may say, of the entire State*.

Again we say, we hope to hear of a general turn out of the lovers of liberty, and let our county be well represented.—*Berlin Courant (Dem.)*

YOUNG AMERICA.—When Kate and Ellen Bateman were in London, they were invited by the Queen to spend a week at Windsor Castle with the royal children. While on their visit, the Prince of Wales took his seat for the first time in the House of Lords by the side of his mother. When he returned home, before he would allow the glittering jewels to be taken from his breast, he sought Kate Bateman, and finding her in the royal nursery with his sisters and brothers, and taking her hand, he said, "Kate, as soon as I'm a man, ma's going to give me the throne, and then I'll make you my little wife and queen." Kate then said: "Well, little Wales, if you will be a good boy, study hard, and when you grow up, select some honorable profession, I'll take your case into consideration."

DIED.

REVIEW OF THE MARKETS.

FOR THE WEEK ENDING, JUNE 27, 1854.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, June 27, 1854.

RECEIVED BY RAILROAD, June 23d and 24th—595 bbls 47 sacks flour, 2,22 lbs wool, 3252 bus wheat, 861 do corn, 5254 do oats, 87 do corn meal, 25 bbls highwines, 3 bbls pork, 5 do eggs, 10 kegs shot, 250 lbs hides, &c.

Received by Railroad, during the past week:

1337 bbls 64 sacks flour, 9219 bus wheat, 14,405 do oats, 3258 do corn, 550 do potatoes, 107 do barley, 91 do rye, 19 bbls eggs, 29 kegs butter, 210 doz brooms, 30 kegs shot, 3650 lbs hides, 2140 lbs tobacco, 25 bbls highwines, 17 bus corn meal, &c.

Shipped during the week, of principal articles:

1743 bbls flour, 53,359 bus wheat, 78,670 do oats, 6,800 do rye, 1030 do potatoes, 560 bbls lime, 56 bbls eggs, 282 bbls pork, 12 do hams, 13 kegs butter, 125,000 brick.

Shipped of principal articles from opening of navigation to June 26.

Since our last weekly, flour and wheat have fallen, under the influence of successive advices of drooping markets abroad and at the east, and most of the receipts of wheat were taken yesterday at about 1,00 ⅌ bushel, though the mills paid better prices for white winter, and very choice lots, under competition of buyers brought in some cases 1,12½@1,15. The fall has been a sudden and rapid one, and though we have no idea that there is much wheat left in the country to feel the effects of it, yet many farmers will have reason to regret that they have not pushed their stock to market while prices were up. Our quotations show the outside range of the market.

Rye and Barley maintain their figures of last week very nearly, while Corn has advanced a few cents

In Linseed Oil and Spirits of Turpentine, we note a decline.

Wool has come in for some days rather more freely, although the farmers who can afford it, for the most part are holding their stock for higher prices. The range for common to good qualities is 22@32c, though fine sorts occasionally bring a few cents more.

Sale yesterday of 900 bus mixed wheat at 1,12½.

FREIGHTS—Schrs. *DeWitt* and *Hagar* load with wheat for Oswego at 16c. Schr. *Handy* takes wheat to Oswego at 14c. Brig *Sam Hale* takes oats to Buffalo at 7c.

An extended tour through eight or ten counties of this State has served to satisfy us that, if there should be no drawback in the way of unfavorable weather, the crops of wheat, barley, oats, rye, corn, and potatoes, will exceed the most sanguine expectations of those who have not had the like advantage of passing through the country. The crops now, without exception, look well, and the only complaint which we heard, in a ten days tour, was an occasional one with reference to the spring wheat, that it was so heavy that it would probably lodge in the field. Wisconsin will send forward a vast surplus as the result of the harvest of 1854. Judging from the appearance of the winter wheat in many portions of the State, we think that the harvest must commence next week, and be well advanced by the 10th of July, if the present warm weather continues.

Buffalo Market, June 24.

The market continues dull—small lots good Ohio sold at 9,00—Upper lake held at 7,75 without sales and without inquiry.

GRAIN—No change in prices of Wheat. Corn easier and dull—sales 6000 bu at 66c. Oats in better inquiry—about 1500 bushels at 45c.

Milwaukee Price Current.

VOLUME X. MILWAUKEE DAILY SENTINEL. NEW SERIES.

BY TELEGRAPH.

BY SPEED'S LINE.

Arrival of the ATLANTIC.

Breadstuffs Dull and Declining!

SILISTRIA STILL HOLDING OUT.

Private Despatch to the Sentinel.

New York, June 26th 8 P. M.

Atlantic arrived—Flour dull, western 35s.—Wheat declining—Corn heavy. Consols declined ⅛d.

Silistria still holds out. A large number of the allied troops have arrived at Varna.

Nothing important from the combined fleets.

Reported for the Sentinel.

Detail of the Atlantic's News.

New York, June 26—8 P. M.

The *Atlantic* brings Liverpool dates to the 13th. Breadstuffs—the weather being more favorable, prices exhibited a downward tendency. Flour market on Tuesday was dull; nominally 35s.@35s. 6d. for western, 39s. 6d.@40s. for Ohio. Wheat and corn easier.

The Austrian and Prussian conference is considered favorable to the Western powers.

It is reported that on the 8th the Turks in Silistria made a sortie. The confidence of the Russians was visibly declining.

Russian reports say that the commander of Silistria has been killed by a cannon ball.

Letters from Crakajova to the 1st, report the loss of Russians on the 30th of May, as 1000 killed and 100 wounded—500 horses taken and as many killed. They also lost 1000 muskets and pieces of cannon and 115 prisoners. On the 29th June 22 transports had reached Varna with allied troops on board. The Turks were to make a movement to relieve Silistria, on the 18th.

Copenhagen Wednesday—The correspondent telegraphs a report that some English vessels at a port in Finland demanded the gun boats; they were refused, and they took and destroyed the gun boats and other property to the amount of 300,000 silver roubles.

The whole of the English light division is at Varna.

The French divisions were daily expected to come at Constantinople. A great part of the combined fleets left Sebastopol to transport troops. The Russian embassy is to leave Athens.

The Dragoon corps have been ordered to advance by forced marches to Moldavia.

From the Black Sea we learn that a detachment of the combined squadrons captured the redoubts Kali and Pali, with the arms and ammunition.

Silistria has repulsed four different attacks made by the Russians, commanded by the Grand Duke Constantine, their numbers estimated at 600,000 men.

Russia meditates an attack on Austria.

It is reported that Sweden has declared openly against Russia, and has recalled her minister from St. Petersburg.

The removal of the head quarters of Paskiwitch to Jassey is confirmed.

Admiral Napier was before Swiborg on the 5th, with 14 ships; the French fleet were seen on the 4th off Warnedand steering northward.

The Turks have again returned from Lesser Wallachia to concentrate at Kalafat. The *Gazette* officially announces the official blockade of the Danube by the combined squadrons.

The English Crystal Palace was opened with great pomp on the 10th.

A despatch, dated Hong Kong, 22d April, says that it was believed Pekin would fall in a few days. The position of the Emperor was very critical.

The English and French squadrons on this station were preparing to attack the Russian fleet.

At the moment of the *Atlantic's* departure, a rumor was current that the Russians had made an attack upon Silistria; that the powder magazine was blown up and *many thousands killed!* The rumor was not generally credited.

Lord John Russel had accepted the Presidency of the English Council. A new Secretary of State for the War Department was to be created.

Displeasure was felt in Paris at the conduct of Prince Napoleon. He lived in constant communication with the refugees.

It is stated that there is every prospect of his soon being recalled, if he does not repair to the camp with his division.

Schamyl is within 18 hours march of Kali at the head of 35000 men.

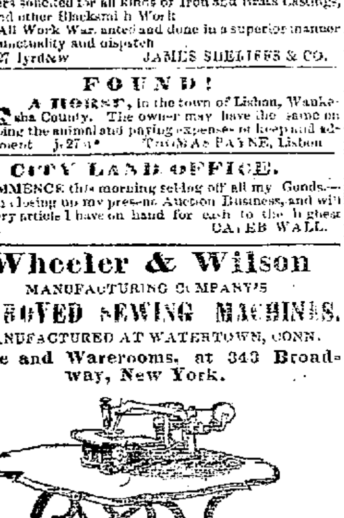
MANUFACTURING COMPANY'S

IMPROVED SEWING MACHINES,

MANUFACTURED AT WATERTOWN, CONN.

Office and Warerooms, at 343 Broadway, New York.



THESE MACHINES have been in successful operation in the hands of Manufacturers and families for the past two years and in every case have given universal satisfaction. The Proprietors are now prepared to offer them to the public, with that increased confidence in their merits which the united testimony of their numerous customers has strengthened and confirmed.

These Machines are entirely different from any other, the principles on which they are made being exclusively our own.

Among the advantages of this Machine over any others are the following:—

1. The simplicity of its construction, and the ease with which it can be kept in the most perfect order.
2. The perfect manner with which the operator is enabled to stitch and sew the various kinds of work, from the finest linen to the coarsest cloths.
3. It particularly excels in the rapidity with which work can be executed; in that respect it has no equal.
4. The little power required to propel them, enabling even those of the most delicate constitution to use them without injury to their health.

We are now manufacturing a larger sized Machine, more particularly adapted to the sewing of leather, canvas bags, and the heavier kinds of cloth.

An examination of our Machines is respectfully solicited at our Office, 343 Broadway. je27 1moMcD

PATENT MEDICINES.

Mexican Mustang Liniment.

DURHAMVILLE, N. Y., December 12, 1851.

Messrs. Bragg & Co.:—

Gents:—Although a stranger to you, I am not to your most valuable medicine called Mexican Mustang Liniment. One year ago, I became afflicted with an enlargement of my knee joint; also a weakness which disabled me almost from using my limbs at all. I called on a physician in Syracuse—(the name can be given)—he examined it and told me to bathe it with warm water, and rub it two or three times a day, and it might go off without much trouble; if not, to call again. Some weeks passed, and it grew no better. I then called on another doctor at Oneida Depot; he told me nothing would help it but blistering and lancing. I could not consent to this, and called on Drs. C. & T.; they gave me a mixture of indigo, calomel, &c. I tried this and it did no good. I then used five or six dollars worth of a liniment that had been recommended to me. All of those medicines I have been using for the last ten months, thorough, and according to directions, without the least possible good resulting from it. I then obtained some of your Mexican Mustang Liniment; the first bottle, a 25 cent size, I perceived strengthened my joint. I am now using my fourth bottle, and my knee is nearly well. Yours, in haste,
HIRAM FIELD.

HUNTSVILLE, N. C., November 28, 1853.

Messrs. A. G. Bragg & Co.: Gentlemen—Having been afflicted with the rheumatic pains for the last four years, and happening to meet with your advertisement in the papers, I came to the determination to give it a trial, as I had tried nearly every popular remedy without effect. I am now happy to say to you, that the Mexican Mustang Liniment has entirely cured me. I applied three fifty-cent bottles on my limbs, and am now as free from pain as I ever was in my life. My case was so strange to the people in this section, my friends are perfectly astonished at the effects of the Liniment. You are at liberty to make this public if you desire to do so.

With much respect, SAMUEL A. DAVIS.

Lumbago, Salt Rheum, Tetter, Eruptions, Ringworms and Piles, are cured in a very short time by applying the Mustang Liniment according to directions given with the bottles.

BROKEN and CAKED BREASTS, SORE NIPPLES, FILES, ERUPTIONS, and CORNS on the feet, are easily cured by a thorough application of the Mustang Liniment for those complaints.

☞ The following is but a small synopsis of what the Mustang Liniment will cure:

One bottle, 50 cent size, is warranted to cure the Scald Head.
One to two 50 cent bottles will cure the Salt Rheum.
One 25 cent bottle will cure the Caked Breast.
One small bottle is a certain cure for Sore Nipples.
One to three dollar bottles is warranted to cure the worst case of Rheumatism in any form, and one 50 cent bottle will cure any case of recent standing.
One to two small bottles will cure the Neuralgia.
One bottle, 50 cent size, will cure the severest Burn or Scald.
One dollar bottle will cure the Spinal Disease.
One small bottle will cure the Piles in any stage of the disease.
One to two 50 cent bottles will cure the Scrofula, in any case.
One small bottle will cure Chapped Hands.
Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever sores on the legs or shins, that have resisted all other treatment.
One dollar bottle will cure the Ring Bone, Splint or Scratches in horses.
One dollar bottle will effect a permanent cure of the Spavin, Sweeny or Poll Evil.
One 50 cent to a dollar bottle will cure all cases of Galls, Chafes, Fresh Cuts and Lameness.

A beneficial effect is always experienced from the first application and a perfect cure is warranted when used according to directions.

CURE OF SALT RHEUM

OF TEN YEARS STANDING.

A lady residing near Lynn, Osago Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and am now as well as I could wish for."

PRICES.

It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes.

For sale by A. G. BRAGG & CO., sole Proprietors.—Principal office, corner of Third and Market streets, St. Louis and 304 Broadway, N. Y.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Fess, Jr., and A. F. Clark.

☞ Remember the 50 cent and $1 bottles are much the cheapest. ☞ Ask for A. G. BRAGG & CO'S MEXICAN MUSTANG LINIMENT. ap22

To Those Who Use Spirituous Liquors Either as a Beverage or Medicine!

WOLFE'S Schiedam Aromatic Schnapps.

THE ABOVE NAMED PREPARATION has become extensively known throughout the length and breadth of the United States and is universally admitted to be the most delightful, healthful, invigorating, and pure preparation of the juniper berry, that science and a long practice in the distillation and preparation of pure liquors have ever succeeded in producing.

A long established manufacturer and importer of liquors of every description, the undersigned devoted himself to the production of an article of pure gin, which should prove a valuable agent in the cure of the manifold diseases which afflict the human race, and for which Holland gin has been prescribed by the medical faculty for years. At length his efforts were crowned with success, at his extensive distillery in Schiedam, Holland, from which place the purest gin has long been imported, and he was enabled to give to the world his Schnapps, which, for purity and entire freedom from the pernicious fusel oil and all other noxious ingredients, and delightful aromatic flavor, has never been equalled, and cannot be excelled.

In order to protect himself from pecuniary loss at the hands of cheats, impostors, and pirates, who would unquestionably attempt to palm off a vile and spurious article upon the unsuspecting community, and, like the wolf in sheep's clothing, prey upon their very vitals, he resorted to the expedient of importing and selling his Schnapps only in pint and quart bottles.

These bottles are of glass, stamped with the name of the manufacturer; are corked and sealed, and have printed labels bearing the signature of Udolpho Wolfe upon them. They are enclosed in colored wrappers, also bearing his signature, in which form alone they can be obtained in cases, containing two dozen bottles each.

Notwithstanding all these guards, unprincipled parties have been found guilty of the unwarrantable and criminal practice of buying up empty bottles, filling them with the common gin, which is the most pernicious poison with which a community was ever cursed, and sends thousands to a wretched drunkard's grave yearly.

It is only necessary, therefore, for those who purchase the article by retail, or drink it at public places, to mark well the appearance of the bottles from which they drink. Caution is necessary

The Schnapps have been introduced but about two years but in that brief time their virtues have been acknowledged to an almost incredible extent, until it is a matter of some difficulty to keep up a supply adequate to the demand, so fast are orders pouring in from every State and Territory in the Union, from Maine to Oregon and California.

Determined that the virtues of the Schnapps should be thoroughly substantiated by the most undeniable and unquestionable testimonials, circulars were dispatched to every regular member of the medical faculty, and professor and chemist whose name could be obtained, soliciting their acceptance of a bottle of the Schnapps, with a view of enabling them to test its medicinal qualities in their practice, and submit it to the strictest chemical analysis in their laboratories.

Of the ten thousand physicians and chemists in the United States about four thousand accepted the offer. Upwards of two thousand have promptly furnished their written endorsement that the article is all that is claimed for it, and in the strongest language recommended its general use, not only as a remedial agent, but a delightful, harmless and pleasant beverage. These voluntary endorsements are from gentlemen of unquestionable knowledge and the most perfect science.

Nor alone have practitioners and chemists furnished their testimonials. The public press, in almost every principal city and town, has spoken boldly in its favor in its editorial columns.

The New York Medical Gazette and Journal of Health, high authority, has repeatedly proclaimed its excellency. In the July number of that journal, Dr. Reese, its accomplished editor, has publicly invited a discussion upon the subject of the use of alcoholic mixtures, medicinally, in his widely circulating columns, and the views of the medical faculty in reference to my Schnapps in particular, giving an assurance that they should be spread before the public. Physicians, therefore, who have not already complied with my request to forward me their opinion as to its qualities, will oblige me by doing so through the editor of the Medical Gazette.

Were it necessary to do more than simply state this fact which he who runs may read, this advertisement could be increased to an indefinite length by the publication of those authorities, all on file at the ware-rooms of the proprietor, in New York.

It is not only as a remedial agent that the Schnapps are to be recommended, but as a gentle and perfectly harmless stimulus, which cannot be otherwise but healthful and invigorating, and may be indulged in with impunity by those of temperate habits, without the slightest fear of the baneful, mournful, and horrible consequences of intoxication—that vice which desolates the social hearth, entails misery upon countless thousands, fills our hospitals, almshouses, and prisons, and even furnishes the gallows with its deadly fruit.

In countries where pure wines and liquors can be had readily, and for a mere trifle, they are freely used by all classes, and drunkenness is hardly known—that vice to which the couplet of the immortal poet so aptly applies:

> "A monster of such hideous mien,
> That to be hated, needs but to be seen"

Were Wolfe's Schiedam Aromatic Schnapps to be drank in preference to all other distilled or fermented liquors, our temperance societies would have less arduous labor to perform, and Horace Greely, Gough, Barnum, and the other less noted, eloquent, and devoted friends of total abstinence, would rarely be called on to ascend the rostrum, and cause thousands to listen with "an attent ear" to the great and startling truths they relate with such fervid and impassioned eloquence. There need be no Maine law to suppress intoxication.

As long as men and women will persist in drinking drugged, adulterated, poisoned liquors, with which the country is flooded, drunkenness and all its concomitant evils must exist. We may well exclaim with Cassio—

> "Oh, that a man will put an enemy into his mouth
> To steal away his brains."

In many districts of this country, particularly in the region of the great western and southern rivers, the character of their waters is such as to produce great disorganization of the system, and frequently chronic disorders of an incurable character, the enumeration and specification of which would be a matter of supererogation to all those who reside in the districts specified. When qualified with the Schnapps the bane is neutralized or destroyed. The fact has become known at the South and West, and the Schnapps are used to the extent of thousands of bottles daily. Their great recommendation is their undeniable and well established purity, which can be proven by chemical analyzation of the contents of any and every bottle bearing the above enumerated evidences of genuineness. The proprietor solicits the most rigid tests, and defies any person or persons to prove to the contrary, or to produce an equally pure extract of the juniper berry or Holland gin.

The public are again reminded that Wolfe's Aromatic Schiedam Schnapps can only be procured in pint and quart bottles, stamped, labelled and corked, and in colored wrappers, with the signature of the proprietor affixed; and that the word Schnapps belongs exclusively to my medicinal beverage. All others are counterfeit

A method of preparation has recently been discovered which enables the Company to warrant their Paints to keep fresh and soft in the kegs for any reasonable time. In this respect their Paints will be superior to any other on the market.

Their BROWN ZINC PAINT which is sold at a low price, is now well known for its protective qualities, when applied to iron or other metallic surfaces.

Their STONE COLOR PAINT possesses all the properties of the Brown, and is of an agreeable color for Painting Cottages, Depots, Out Buildings, Bridges, &c.

Their Paints, which are sold Dry or Ground in Oil, are warranted pure, and put up in Kegs of 25, 50, 100 and 200 lbs., to be used precisely like White Lead.

NEW YORK;

Its Upper Ten and Lower Million.

BY GEORGE LIPPARD.

Author of "Washington and his Generals," "Jesus and the Poor," "Nazarine," &c.

THIS is the best work ever written by Lippard; one continued scene of excitement from the commencement to the end. Those who have read Dumas' Count De Monte Christo, or the Wandering Jew, we are under the impression, will find this the most interesting work that has issued from the press for some time.—*Enquirer.*

GEORGE LIPPARD'S GREAT WORK—*New York; Its Upper Ten and Lower Million.*—Novel readers will be perfectly delighted with this work. The incidents delineated in this work are of the most interesting character. We should not be surprised if the demand for it should exceed that of "Uncle Tom's Cabin."—*Times.*

NEW YORK; ITS UPPER TEN AND LOWER MILLION.—A new work, by the gifted son of genius, George Lippard.—We have read it. It is a novel of most thrilling interest—such an one as having been commenced, you will sit up all night to finish. It is a book we would like everybody to read. It is the work of genius, and the emanation of a heart keenly alive to the wrongs and outrages the "accumulation of gold" imposes upon nine tenths of the human race.—*Cleveland Plaindealer.*

DRY GOODS, &C.

TRUTH STRANGER THAN FICTION!!

Dry Goods, Dry Goods.

Cheaper than the Cheapest,
BETTER THAN THE BEST!

S. ADLER & NEWBOUER,

WOULD EXPRESS THEIR THANKS to the Citizens of Milwaukee and vicinity for their very liberal patronage, and in return they would say, that in making their arrangements for the coming season they have aimed to show to the buying community, that they are prepared to retain all their old customers and to satisfy new ones that in purchasing of them they are actually getting goods at a

Large Discount from the Lowest Prices

at any other store in this city. We have a

Mammoth Stock

of the finest and richest goods ever offered in the State.—They were selected with great care and bought for cash, at such rates as will enable us to sell them to our customers at lower figures than those usually paid by other merchants in the street.

These things are so, as an examination of our goods and prices will abundantly prove. Our stock is daily replenished and consists of

Staple and Fancy Dry Goods,

For spring and summer trade, and the most beautiful styles of European importations. Our

SILK DEPARTMENT

is filled with choice selections of every quality and kind, such as Plain, Plaid, Striped and Changeable, of every shade and color. Of

BLACK SILKS

We have an immense stock of the best qualities Gro de Rhine, Satin, Oil Boiled, and in fact every style. To these silks we especially invite the attention of the ladies of Milwaukee, promising to sell them twenty-five per cent. cheaper than the same qualities can be bought at any other store in town.

SATINS.

You will find all qualities and styles, and at prices that will astonish those who are not accustomed to seeing satins worth one dollar sold for five or six shillings.

FINE DRESS GOODS.

Silk Berninas, Bergaline de Paris, (our own importation) Plain and figured Bareges, Barege de Laines, Silk Tissues in all styles, French Embroidered Robes, and every other style of Ladies Dress Goods.

GINGHAMS & LAWNS!

A splendid assortment of French, English, Scotch and American, at prices from 6¼ cts. upwards. Our Lawns and Ginghams are really worth from 12½ to 18¾ cts.

SPLENDID PRINTS.

1000 pieces of the best American, English and French Manufacture. We have an entire new style of French printed Dimity, never before offered in this market. We will sell prints at a less price than they have ever been sold in this city.

EMBROIDERIES AND WHITE GOODS!

Comprising the largest stock of the cheapest and best embroideries ever brought to the west, both Swiss and French work.

WE ASK THE LADIES to look at this part of our stock, as we can show them the best, whether single pieces or full sets that can be found this side of New York, and at prices below the eastern rates.

SHAWLS.

In this department we are unsurpassed by any House in the west. We have all styles and prices of Plain and Figured Cashmere. Plain, Colored and Embroidered Canton Crape, Black and Colored Silk, Double and single Broche, Merino, Thibet, and plain all wool Delaine Shawls, from [illegible] up to $50,00.

Gloves and Hosiery.

We have a large stock of all possible styles, qualities, sizes and colors, and at all prices.

RIBBONS & FLOWERS.

Of these we can show a larger and better stock of choice styles and patterns than can be found in this country elsewhere.

PARASOLS.

A complete assortment at astonishingly low prices.

Bonnets and Flats.

A full assortment of most beautiful and latest styles, and at prices which will make them sell.

DOMESTIC GOODS.

Sheetings and Shirtings all widths. Linens, Drillings, Tickings, Damask, Napkins, Towelling, Crash, Diaper &c. In short, we have everything found in Dry Goods Stores East or West, which we are ready to compare in quality or price with anything west of New York City, at wholesale or retail.

Merchants! Milliners!! Pedlars!!!

You will find it for your interest to call on us before purchasing, as our jobbing room is full of well selected goods of every kind necessary for your trade.

And to our patrons and friends we would say, give us a call and you will find a sure opportunity to make money by getting goods cheap.

Every article is warranted as represented. WE CAN SELL FOR LESS than any other house in the west.

Our brothers are constantly in market, which enables us to take advantage of every chance to buy goods cheap, and "when every thing was well bought," we can give our customers good bargains.

To All We Say

if you will honor us with a visit we will convince you it is truth we have stated, and you will find us pleased to show you our goods whether you buy or not, we pledge you a welcome reception, and we hope by good natured attention to our customers, and with our present low prices to merit a continuance of your patronage.

N. B. Our brown and bleached Sheetings and Shirtings, Sheetings, Denims, Canton flannels, Plaids, Stripes, Jeans, Mariners Shirtings, &c., &c., were purchased of the Eastern Manufacturers, FOR CASH, thereby avoiding the jobbers profits. Our

TEAS, COFFEES, SUGARS,
PORK, FISH, FLOUR,
TOBACCO,
LIQUORS, SEGARS &C.,

Have been selected by our Mr. GRIDLEY with regard to suiting our numerous customers, all of which we warrant to be of the best quality. We are AGENTS for the sale of

MINER & HORTON'S
CELEBRATED PLOUGHS,

From Peekskill N. Y., of which we have always a full assortment on hand, together with extra castings to match, at wholesale or retail.

Our business will as formerly be conducted on the one price low cash system, small profits and quick returns, which all will allow advantages both the buyer and seller. In a word we intend to offer to our patrons and the public great inducements in the way of bargains, and invite all to call and partake. LUDINGTON & GRIDLEY.

MILWAUKEE MUTUAL
FIRE INSURANCE COMPANY.

[illegible] East Water Street.

Capital over $165,000—in Cash and Premium Notes. This Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of ordinary chances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

COOK STOVE,

I have sold the B. J. for the past three years. It has been thoroughly tested by thousands who will testify that it is the most complete Cook Stove that can be. I have four sizes of B. J. There is a summer attachment to the stove which will make half difference less of the *amount* of fuel used in the Summer season and does away with all unnecessary heat which other stoves make that have not the attachment. The oven is much larger than any other stove of the same size furniture. I warrant the stove to give complete satisfaction, if not, to be returned and money refunded. ALBANY, July. 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Fuhlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

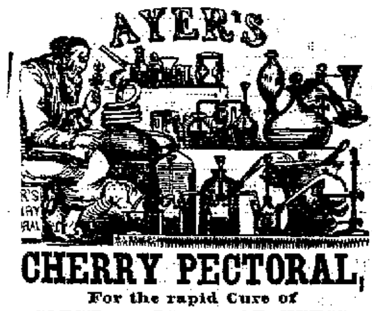
PATENT MEDICINES.



CHERRY PECTORAL,

For the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. S. Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever; his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoonfull every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R.
Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

DR. J. C. AYER,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.
P. S. Almost any number of certificates can be sent to you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER, Sir: This may certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCULLEN, Attorney at Law.
Wilksbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER. My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation.—I invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. feb2-1yd&w

PROFESSOR WOOD'S
ORIENTAL SANATIVE LINIMENT.

THIS LINIMENT is not the mere creature of some old recipe, gotten up without knowledge or skill, and then presented to the world as a *sovereign balm for every wound*, and a cordial for every ill to which poor humanity is subject, but it is the result of long and faithful study, and is only submitted after testing its wonderful medicinal virtues in thousands of cases where every other accessible remedy had failed, and hence the proprietor can say with all confidence, that no intelligent person who once sees its effects will ever be without it. It will be observed by all that this Liniment, so pregnant with medicinal virtues, is a concentration of oils and other vegetable substances; and hence when applied will not evaporate even in the smallest degree, and must penetrate to the seat of the disease, if that be possible, being perfect nonsense to claim (as most humbugs do) that it will penetrate throughout universal organized matter and enter the very bones.—But, instead of this, he will proceed to lay before the reader a plain, candid statement of facts.

1st. This Liniment is a valuable auxiliary in the treatment of some of the most formidable diseases with which it is our lot to contend; for instance, Inflamation of the lungs and bowels. By a thorough and continued application of this Liniment over the region of the affected organ these otherwise formidable diseases are at once disarmed of more than half their terrors, particularly among children, and thousands of mothers, were they allowed to speak would, with all the eloquence of feeling and affection, bear their united testimony to the fact that it had snatched their children from the very jaws of death, and restored them to all their former health and beauty. Again—it will be found a powerful auxiliary in removing what is generally known as Ague Cake, or an enlargement of the spleen; indeed, in all cases where an external application is of service, this Liniment will be found useful. Again—Ringworm, Tetter, Neuralgia, swelled and stiff joints, Contracted cords, Bruises, Sprains, Galls, Wounds, Cuts, &c., have all been cured in an incredibly short space of time, by the use of the ORIENTAL SANATIVE LINIMENT. It also cures Scrofula, King's Evil, Foul Ulcers, and is applicable wherever an external remedy is required to reach the affected part. And for horses and cattle, for Windgalls, Ringbones, Sweeney, Spavins, Pole Evil, Fistules, Sprains, Galds, Bruises, Cuts, &c., the proprietor is satisfied that no remedy was ever offered to the world equal to it.

ST. LOUIS, March 23, 1854.

This is to certify that we have, for some months past, used Prof. Wood's "Oriental Sanative Liniment," both upon our men and horses, and we have no hesitation in saying, that, although we have used many, if not all, of the popular liniments of the day, this is decidedly the best we have ever used, and all who use it will more than realize their most sanguine expectations of its wonderful effects.

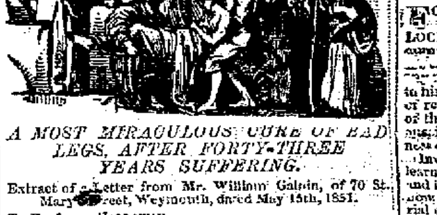
PATENT MEDICINES.

HERE IS YOUR REMEDY!
HOLLOWAY'S OINTMENT.



A MOST MIRACULOUS CURE OF BAD LEGS, AFTER FORTY-THREE YEARS SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70 St. Mary Street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY,

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the suffering of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow-creature.
(Signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS STANDING.

Copy of a Letter from Mr. William Abbs, Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31st, 1851.

To Professor HOLLOWAY,

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.
(Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr. W. P. England, Chemist, 13 Market Street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Pennhurst, Kent, dated December 13th, 1850.

To Professor HOLLOWAY,

DEAR SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends. (Signed) FREDERICK TURNER.

To Real Estate Agents and others.

THE SUBSCRIBER, desirous of settling in Milwaukee, offers to exchange or sell his Real Estate for Property in this City, or Farms in this State. Said Estate is situated in Ann Arbor, County Seat of Washtenaw County, Mich., 38 miles west of Detroit, on the Michigan Central R. R., and well known as the handsomest and healthiest city on the line. Its population is about 6,000, and it is the most pleasant and thriving business City in the State, being the site of the Michigan University, Medical College and Observatory, which receive every year over 1,000 Students from every part of the Union. Its Water Privileges and surrounding Farming Country are second to none in the State.

The property offered is a New Block of Four Brick Stores, Stuccoed and Finished throughout, known as the Buchoz Block, and will in a short time be the best business part of the City. Adjoining said Block is a fashionable Brick Dwelling House, finished for my private use, at a cost of about $5,000. Also a well-stocked Lumber Yard, and a Hardware Store, doing now a first rate business. This is a chance seldom met with, for a person wishing to engage in the trade. I will sell with or without said Stock of Goods. Take the Property together, it is the best and safest investment in the city.

Also several good Improved Farms, near Ann Arbor. Also Two First Rate New Billiard Tables, to exchange for Milwaukee Property.

For further particulars inquire of A. B. VAN COTT, Watch Maker, Milwaukee, or direct to me at Ann Arbor, Michigan. Title Perfect.

PATENT MEDICINES.

DOCTOR D'S
Old Lock Hospital.

NO CURE NO PAY.
No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, [illegible] impotency, all diseases of the bones, &c. Nothing is needed but call upon him, to make every thing satisfactory in [illegible] ment. Such is the absolute efficacy of the method of [illegible] that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-d1yr

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS,
CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 15, 1853.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 23, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had w[illegible] twenty years ago.

I commenced using the Resto[illegible] weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the [illegible] hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed.

Yours, very respectfully,
N. B. HOLMAN.
BLISSFIELD, June 10, 1853.

Prof. Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Sall county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.

HIGHLY IPMORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM

COMES GREETING:

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.

DR. A. A. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the afflicted of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

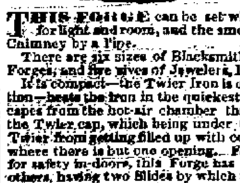
Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of DR. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.

G. E. Scott, General Agent, No. 67 Randolph-st., Chicago, Ill., to whom all orders must be addressed to receive prompt attention. Sold by
mr4 A. F. CLARK, Agent.

QUEEN'S PATENT



PORTABLE
FORGE
AND
BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.
